NEW FOR SUMMER 2004

Please make sure all School Test Coordinators and Examiners are aware of changes for the Summer 2004 SOL tests administration. These changes include the following:

- No audits will take place in the summer administration.
- The Pre-ID Service (labels for student answer documents) is not provided in the summer administration.
- All testing materials (non-secure and secure) will be shipped to division offices in bulk. You will be responsible for sorting and distributing these materials to testing sites in your division.
- The alternate special test materials will be shipped separately to the division. This shipment will consist of the alternate direct writing prompt kits for large-print and regular audio test administrations. For divisions that require Braille, large-print, or regular audio multiple-choice alternate test kits or Braille alternate prompt kits, contact your Harcourt Coordinator to order these materials.
- You may have students from other divisions participating in your division's test administration. To request SSID sheets for these students testing from outside your division, complete Section 2 of the Division Verification of Receipt of Non-Secure Testing Materials Reorder Form (Appendix D). No out-of-division Master File Sheets will be sent.
- The *Out-of-Division Answer Document Transmittal Form*, is in Appendix M. Please use this form when sending to the Scoring Center the answer documents for students outside of your school division.
- Determine a procedure for processing answer documents for students testing from other schools within your division as well as outside the division. Communicate this information to all STCs at the summer testing sites.
- Contact Harcourt's Virginia Program Coordinator to order a special situation or "quad 8888" SSID sheet. See Section 4.7.1.
- Students eligible to graduate by June 30, 2005 with a standard or advanced studies diploma who have not passed the End-of-Course *English: Writing* test have two opportunities to take the test during the Summer 2004 administration. See Sections 2.0, 4.1 and 4.2.
- Answer Documents — Make certain that the only answer documents distributed to the students indicate the school year 2004 in the upper left hand corner of the document. The student demographic information will need to be completed on the front and back covers of the answer document.
 - Section J (MC Form) and Section K (Prompt Number) are located on the FRONT of the End-of-Course answer document. See Section 4.7.2.
 - Section U (S – Code) should be gridded for students not currently enrolled, but who had sufficient standard credits in 2003 or 2004 to graduate and who are returning to retake the SOL *English: Writing* test for verified credit and/or to upgrade a diploma. See Section 4.7.2.
 - Section W – Career and Technical Education (Section 2), it is not necessary to grid "Economically Disadvantaged" if Section O, N – Code (Free/Reduced price lunch) has been gridded on the answer document. See Appendix V.
 - Section Y includes the Retest grid. See Section 4.7.2.
- References to "oral administration" have been changed to "read-aloud administration". Any form can be used for a read-aloud administration.
- There is a copy of the General Assembly Legislation regarding test security in Appendix A. Please review this carefully before testing administration begins.

Carefully review this *DDOT Manual*, as well as the *STC's* and *Examiner's Manuals*, for additional information, new wording on procedures, and other changes to instructions on the administration of the Summer 2004 SOL Assessments.

Activities Before Test Administration	inside front cover

Activities After Test Administration	outside back cover

1. USE OF THIS MANUAL FOR THE SUMMER 2004 ADMINISTRATION

This *DDOT's Manual* describes procedures that you, as the Division Director of Testing (DDOT), should follow before, during, and after the administration of the Summer 2004 Standards of Learning (SOL) *English: Writing* test to students completing high school English courses that have covered the grades 9, 10, and 11 SOL. Students who need to retake the End-of-Course *English: Writing* test for verified credit may also take the test during the summer administration.

This manual includes the following information:

- test administration dates;
- school division responsibilities for SOL testing;
- your responsibilities before, during, and after each testing session; and
- steps for organizing and returning test materials to Harcourt Assessment, Inc. (Harcourt) after testing is completed.

You must familiarize yourself not only with this manual but also with the *School Test Coordinator's Manual* and the *Examiner's Manual*. The *Examiner's Manual* includes specific directions for administering the multiple choice and direct writing components of the SOL *English: Writing* test. Remember that instructions for the administration of Special Test Forms are also contained in the *Examiner's Manual*. Take particular care to read all testing materials and to provide in-depth training to STCs in your division.

2. SUMMER 2004 SOL ENGLISH: WRITING TEST SCHEDULE

The SOL *English: Writing* test has both multiple-choice and direct writing (response to a writing prompt) components that must be administered **statewide** on the following dates:

- July 19 **or** 20, 2004 – multiple-choice component (**main form**)
- July 19 **or** 20, 2004 – multiple-choice component (**alternate form**/second testing opportunity for eligible students)
- July 21, 2004 – direct writing component (**main prompt only**)
- July 22, 2004 – direct writing component (**alternate prompt only**/second testing opportunity for eligible students)

Students scheduled to graduate by June 30, 2005 with a standard or advanced studies diploma who have not passed the End-of-Course *English: Writing* test may have two opportunities to take the test during the Summer 2004 SOL Administration. Students eligible for two opportunities should take the main multiple-choice form (1K38T) on Monday, July 19 and the alternate multiple-choice form (1K38P) on Tuesday, July 20. These students take the main prompt (261) on July 21 and the alternate prompt (262) on July 22.

Please note that eligible students are not required to exercise their option for a second opportunity for the *English: Writing* test. However, you should encourage STCs to offer these students the opportunity to take both tests.

Students who are absent on any or all of these dates are to be provided with an opportunity during the make-up period to take the test component(s) they missed. See Section 5.5. STCs will be responsible for arranging make-up administrations for all students who require them and who will be in attendance during the make-up period. Instruct STCs to schedule make-up testing so that materials can be returned to you in ample time to ship scorable answer documents to the scoring center by July 30 (see Table 1).

For the Summer 2004 SOL *English: Writing* test, the schedule of your major activities as DDOT is presented in Table 1 on the next page.

3. SCHOOL DIVISION RESPONSIBILITIES FOR SOL TESTING

Many school division personnel are responsible for the administration of the SOL *English: Writing* test.

These include:

- Division Director of Testing (DDOT)
- School Test Coordinator (STC)
- Test Examiner (Examiner)

A brief explanation of the roles and responsibilities of each of these persons follows:

Division Director of Testing

As the Division Director of Testing (DDOT), you will serve as the point of contact between the school division and the Virginia Department of Education. You will be responsible for ensuring that all procedures required for the SOL *English: Writing* test are implemented within the division.

School Test Coordinator

Each school has designated one person as the School Test Coordinator (STC) who serves as the point of contact between the school and your office. Each STC is responsible for ensuring that all procedures required for the SOL *English: Writing* test are implemented within the school and for maintaining the security of test materials. STCs are to take particular care in reading all testing materials and to provide appropriate and effective training to Examiners in their schools. Any questions the STC has regarding the SOL *English: Writing* test are to be directed to you.

Test Examiner

The Test Examiner (Examiner) is responsible for administering the SOL *English: Writing* test according to the procedures contained in the *Examiner's Manual* and for maintaining the security of test materials.

4. SPECIFIC DUTIES OF THE DDOT: BEFORE TESTING

Before testing, review this manual, the *School Test Coordinator's Manual*, and the *Examiner's Manual* so that you are familiar with the responsibilities of all parties. Provide training to your division's STCs based on the information in these manuals and in other pertinent sources.

4.1 Work with STCs to Identify Students to Be Tested

The Summer 2004 administration of the SOL *English: Writing* test is designed to accommodate the following groups of students:

1. students who will complete high school English classes that cover the grades 9 – 11 English SOL in the summer semester
2. students who have failed the End-of-Course SOL *English: Writing* test and need it for verified credit. These students do not have to be enrolled in a summer school class to take the test. Their participation in the test administration is optional.
3. students who have already left school and are returning to take the SOL EOC English: Writing test to earn verified credit and/or upgrade a diploma.

It is expected that students enrolled in credit-bearing high school English classes that have covered the grades 9 – 11 English SOL will take the SOL *English: Writing* test. This expectation includes students with disabilities or limited English proficient (LEP) students. Determination as to how students with disabilities and LEP students will participate in the SOL *English: Writing* test should be made in accordance with the following guidelines:

- *Limited English Proficient Students: Guidelines for Participation in the Standards of Learning Assessments* (Appendix B)
- *Guidelines for the Participation of Students with Disabilities in the Assessment Component of Virginia's Accountability System* (Appendix C)

Please review these carefully and provide STCs with information about whom they should contact within your division if they have questions about applying the guidelines. If you have any questions, please call the staff of the Division of Assessment and Reporting at (804) 225-2102.

Students testing in the summer may originate from different schools and divisions. To allow for scores to be reported to the student's "home school" in Fall 2004, the correct information must be referenced on the SSID that will accompany the students' answer documents. See Section 6.1.

NOTE 1

Students eligible to graduate by August 31, 2004 with a standard or advanced studies diploma who have not passed the End-of-Course *English: Writing* test have two opportunities in the summer administration to earn the required verified credit. Additionally, students scheduled to graduate by June 30, 2005 may be offered two opportunities during this summer's administration to take the EOC *English: Writing* test. Eligible students taking advantage of this opportunity may take both the main and the alternate forms of the multiple-choice component of the *English: Writing* test as well as the main and alternate prompts of the direct writing component. Remember that students must take both the multiple-choice and the writing prompt component to receive a valid score.

4.2 Schedule Testing Sessions

The Virginia Department of Education has established the following **statewide** testing dates for the SOL *English: Writing* test:

- July 19 **or** 20, 2004 – multiple-choice component (**main form**)
- July 19 **or** 20, 2004 – multiple-choice component (**alternate form**/second testing opportunity for eligible students)
- July 21, 2004 – direct writing component (**main prompt only**)
- July 22, 2004 – direct writing component (**alternate prompt only**/second testing opportunity for eligible students)

NOTE 2

Testing sessions should be scheduled on July 19 or 20, 2004 so that each student may complete the multiple-choice test on just one of the dates. For example, a student may not be allowed to start the multiple-choice test of July 19 and complete it on July 20.

Students eligible for second-opportunity testing must complete one form of the multiple-choice test on July 19 and complete the other multiple-choice test on July 20.

Make-up sessions are to be completed according to your division's own make-up testing schedule **as long as** the schedule affords each student an adequate opportunity to take one or both of the components on a make-up basis. Additionally, your make-up schedule must allow time for assembly and shipment of all scorable answer documents by July 30, 2004. Work with the STCs to establish the appropriate make-up testing schedules for their schools.

Students scheduled to graduate by June 30, 2005 with a standard or advanced studies diploma who have not passed the End-of-Course *English: Writing* test may have two opportunities to take the test during the Summer 2004 SOL Administration. Work with your STCs to establish testing times for students eligible for second-opportunity testing.

In setting times for testing on July 19 or 20, and July 21 or 22, and for make-up sessions, the STCs must take into consideration that the SOL assessments are untimed tests. Approximately 75 minutes is expected to be a typical testing time. Some students will take longer; some students will finish early. Students should be afforded as much time as they need to complete the test.

NOTE 3

Though the Standards of Learning Assessments are untimed, each component of the *English: Writing* test is to be completed in one school day. Additionally, students may not leave the testing site and subsequently return to finish the test unless their absence from the site is closely monitored to prevent interaction with other students and / or exposure to educational materials. Make sure that STCs have scheduled testing sessions so that they begin early enough to allow students reasonable amounts of time to complete the test before lunch or before the end of the school day.

Ensure that STCs develop a plan to accommodate situations in which “allocated” time has elapsed but students have not yet completed the test. For example, these students could be moved to an alternate location such as a library or activity room so that they can finish the test.

NOTE 4

Make sure that STCs’ plans for alternate testing sites include appropriate test security precautions. If students must be moved to an alternate testing site to complete their tests, their test booklets and / or writing prompts and answer documents must be collected **by an Examiner or Proctor prior to the move** and redistributed only after the students are settled in the new site. While in transit, students must not be allowed to discuss the test with anyone or have access to educational materials.

The direct writing component is to be administered at the same time of day to all students in a school. Two separate administrations of the prompt at different times of the day are permissible **only** if school officials can certify to the Department of Education that there will be no contact between the students who take the writing prompt first and the students who take the writing prompt second. Contact the Division of Assessment and Reporting at 1-804-225-2102 if you have questions.

The SOL English: Writing test administration takes precedence over other scheduled school activities. The test administration should not be interrupted by a fire drill or by other school functions. If testing is delayed or interrupted by inclement weather or some other emergency, notify the Division of Assessment and Reporting immediately by calling (804) 225-2102.

Make sure that each school provides students with advance notice of the test dates and schedule.

4.3 Review Procedures for Ensuring Test Security

Each school division must ensure the security and accountability of all test materials from the time of receipt until all testing is completed. Secure test materials will be shipped and addressed to you, and upon their delivery you will have primary responsibility for their security. Refer to information included in all of the SOL manuals for security procedures pertinent to the receipt, inventory, distribution, and storage of test materials. Security procedures must be followed to ensure complete test security.

WITHOUT EXCEPTION, all secure test materials (including Braille and large-print test booklets, Examiner’s copies and audiotapes) and used answer documents must be kept in secure, locked storage at all times when they are not in use in an actual testing session.

4.4 Complete the SOL Division Test Security Agreement

Both you and your division’s Superintendent must complete, sign, date, and return the *SOL Division Test Security Agreement* to Harcourt **on or before July 15, 2004**. The agreement, which may be photocopied, is found in Appendix A of this manual.

Please return your completed *SOL Division Test Security Agreement* to the attention of Harcourt’s Virginia Program Coordinator by **toll-free fax** at 1-800-547-2059.

4.5 Receive and Verify Non-Secure Test Materials

The shipments of non-secure test materials will be delivered to you in advance of the testing window.

4.5.1 Receipt and verification of division’s non-secure materials

The shipment of non-secure materials will include your Summer 2004 *English: Writing* test DDOT Kit and non-secure materials to be delivered to your schools. These materials will be delivered to your division office in bulk. You will be responsible for sorting and distributing materials to testing sites in your division.

Your DDOT Kit will include the following components:

- a division level packing list

- a cover letter explaining the contents of your kit, plus additional instructions on procedures to follow
- SOL Writing Division Master File Sheet (to be returned with scorable answer documents to the Scoring Center)
- blue labels for secure scorable answer documents and red UPS “Next Day Air” shipping labels for your shipment of secure scorable answer documents
- green labels for secure non-scorable materials and black and white UPS “Ground Trac” shipping labels for return of secure non-scorable materials
- paper bands
- Writing Optional Scoring Services Order Form (OSS)
- SSIDs (orange, purple, and pink) header sheets

In addition to the DDOT Kit, the following materials will be included in the shipment of non-secure materials and should be distributed to schools as soon as possible:

- Examiner’s Manuals
- School Test Coordinator’s Manuals
- answer documents
- Summer 2004 School Master File Sheets to be delivered to the STCs
- school-specific grade 11 SSID (header) sheets
- paper bands

4.5.2 Receipt and verification of division overage of non-secure materials

The following non-secure materials will be included in the division overage shipment:

- Examiner’s Manuals
- School Test Coordinator’s Manuals
- answer documents for the EOC *English: Writing* test

Verify **no later than 2 days after receipt of materials** that the quantities of all materials received in the division shipments match those listed on the division-level packing lists in box #1 of each shipment. If these shipments appear incomplete in any way, call your Harcourt Virginia Program Coordinator (see Appendix W) or e-mail the information to Virginia_SOL@Harcourt.com.

Separate *Division Verification of Receipt Forms* will be used for non-secure and secure test materials.

Even if no additional non-secure test materials are needed, the *Division Verification of Receipt of Non-Secure Testing Materials and Reorder Form* must be returned to Harcourt Assessment, Inc.

Retain all dual-purpose cartons in which materials are shipped because they can be used to return answer documents to the Scoring Center.

4.6 Distribute Non-Secure Test Materials to Summer Testing Sites

After completion of your inventory of non-secure materials, the materials listed in Section 4.5 should be distributed to testing sites so that they can be used for training purposes in advance of the testing window. Materials will need to be allocated in appropriate quantities for the SOL tests to be administered at each school for each testing session. Use your own boxes (cartons) as necessary.

STCs have been instructed (in the *School Test Coordinator’s Manual*) to verify receipt of these materials and to order any additional materials from you **as soon as possible but no more than two days after receipt of this non-secure shipment**. STCs will use the *School Verification of Receipt of Non-Secure Testing Materials and Reorder Form* (see the sample in Appendix E) to confirm receipt and, if necessary, reorder materials.

Fill requests for additional materials using additional materials sent with your shipment. You may reorder additional materials from Harcourt using the *Division Verification of Receipt of Non-Secure Testing Materials and Reorder Form* in Appendix D. (Be sure you are using the correct *Verification* form.)

Even if there are no discrepancies and you do not need any additional materials, you must still return Section 1 of this form to Harcourt to verify receipt.

Distribute to schools the non-secure materials listed in Section 4.5.

4.7 Prepare Local Instructions

The following issues should be addressed in your local instructions:

4.7.1 Determine method for completion of SSID (header sheets)

After completion of all of your division's testing sessions, all scorable answer documents must be submitted to the Scoring Center in one shipment with SSID (header) sheets for the students' home schools effective with the Fall 2004 school semester. Because schools may administer the Summer 2004 SOL tests to students who will be attending different schools inside and outside of the division beginning in the fall, you must determine a method to organize answer documents for placement with proper SSIDs and communicate this information to all STCs of summer testing sites. Your DDOT Kit includes SSID sheets for each secondary school in your division. If you have questions or if more SSIDs are needed, please contact your Harcourt Program Coordinator (Appendix W). To request SSID sheets for students testing from outside of your division, complete Section 2 of the *Division Verification of Receipt of Non-Secure Testing Materials and Reorder Form* (Appendix D). No *Master File Sheets* will be sent.

In some cases you may need to test "outplaced" students who your division has placed in a facility outside your division for instruction. These students are not carried on the rolls of any school, but your division is responsible for them. If you have a need to test such students, please request an "8888" SSID from your Harcourt Program Coordinator. Answer documents submitted under an "8888" SSID will be included in your division's summaries but not in the summary of any school.

4.7.2 Coding of student demographic information

Samples of the demographic pages are in Appendix F of this manual and also are printed in the *School Test Coordinator's Manual* and the *Examiner's Manual*. Review the information below and ensure that STCs are aware of all required student demographic information that is to be completed on the answer documents.

The Pre-ID Service (pre-printed student ID labels) is not available for the summer administration.

Sections A, B, C, D, and F

These sections for student name and other identifying information, date of birth, gender, and grade may be filled in by the students themselves, but to enhance accuracy, you may direct your STCs to ask that they be completed by Examiners or other adults before testing.

Section E — RACE/ETHNICITY

Students, Examiners, or other adults may complete this section. Students with origins in the Pacific Islands may choose to code Pacific Islander or Native Hawaiian. An "unspecified" bubble has been added to the grid which may be used for students with a multi-ethnic background. A student who does not identify with one of the other race/ethnicity groups may choose to complete the "unspecified" bubble. (Refer to the table in the *Examiner's Manuals*) If students object to completing this section, it may be left blank.

Section G — STUDENT NUMBER

If this section is to be completed, ensure that STCs understand the procedures involved. All 12 positions will be scanned and reported in the student number field. Be sure to give instructions regarding right or left justification, and/or using zeros to fill all 12 positions to ensure properly formatted student numbers as needed for your division.

Section H — LOCAL USE #1 and Section I — LOCAL USE #2

If these sections are to be completed, ensure that STCs understand the procedures involved. Local Use #1 may be used at the division's option. Local Use #2 should be used only if the Re-Rostered Reports are ordered on the Optional Scoring Services (OSS) Order Form. Local Use #2 must be used for the next term's school building code number. If the code you enter in this field has less than four digits, you must enter leading zeros in the remaining spaces so that your local code can be read correctly by Scoring Services. Data will be carried on the electronic formats.

Section J — MC FORM and Section K — PROMPT NUMBER

Students, Examiners, or other adults may complete these sections.

Section J, MC Form, is to be completed with the form number of the multiple-choice test booklet the student is administered. On End-of-Course answer documents, a "1" is pregridded, and the rest of the grid should be filled in with the remainder of the form number that is printed on the front cover of the test booklets.

Section K, Prompt Number, is to be gridded with the prompt number that appears near the top of the student's writing prompt page.

Following each administration, Examiners should verify that the multiple-choice test form numbers gridded in Section J and the prompt number gridded in Section K matches the test booklet which bears that student's name.

Correct completion of Section J (MC Form) and Section K (Prompt Number) are essential for correct and accurate scoring. Both sections are located on the FRONT of the End-of-Course answer document.

Section M — SUBSTITUTE TEST (End-of-Course Only)

This section is to be completed only for students who were administered a substitute test instead of the corresponding SOL *English: Writing* test. The current list of substitute tests for EOC *English: Writing* is as follows:

- AP English Language and Composition
- AP English Literature and Composition
- IB English (Higher Level)
- IB English (Standard Level)
- SAT II Writing
- Test of English as a Foreign Language (TOEFL)
- Advanced Placement International English Language (APIEL)
- Cambridge International Examinations: English Language (GCE-AS)
- Cambridge International Examinations: First Language English (IGCSE)

If Section M is completed, nothing should be entered in Section Z, Testing Status.

Section N — A-CODE (GRADE 5 AND 8 ONLY)

Do not complete this section.

Section O — N-CODE

This section is to be completed for students who are eligible for free or reduced-price lunches. STCs will need to determine who will complete this grid in each school. You should take into account the confidential nature of this information. Grid circle A for students who are eligible for free lunch; grid circle B for students who are eligible for reduced-price lunch. Circle C is not used at this time.

Section P — FIELD NOT USED

Do not complete this section.

Section Q — TITLE I/TAS

Students attending schools with schoolwide Title I programs should not complete Section Q. Complete this grid if the student is receiving Targeted Assistance Services under Title I. Mark the subject area in which the student is receiving assistance:

Section S — LIMITED ENGLISH PROFICIENT

Fill in the circle **only** if the student is classified as limited English proficient (LEP); otherwise leave the circle blank.

The criteria for LEP are listed on the following page:

Limited English Proficient (LEP) Students:

As of January 8, 2002, an LEP student in the Commonwealth of Virginia is classified according to the federal government definition as described in Public Law 107-110, the *No Child Left Behind Act of 2001*. The law states:

[P.L. 107-100, Title IX, Part A, Sec. 9101, (25)]		

Section T—SOA ADJUSTMENT

Fill in this circle for limited English proficient students and transfer students who meet the criteria listed below.

Limited English Proficient (LEP) Students:

Mark an LEP student in the "SOA Adjustment" section **ONLY** if she/he meets the criteria in Section T **AND** has been enrolled in a Virginia public school for less than 11 semesters. Students who are in membership for the majority of days in a semester are considered to have been enrolled for that semester.

Transfer Students:

Complete the transfer circle in Section T, SOA Adjustment, if the student meets criteria A or B below.

- A. Students enrolled from another state, private school, or home instruction AFTER 20 instructional hours have elapsed since the beginning of the school year (or semester, if on block schedules).

Section U — S-Code

Mark this section for students not currently enrolled, but who had sufficient standard credits in 2003 or 2004 to graduate and who are returning to retake the SOL *English: Writing* test for verified credit and/or to upgrade a diploma.

Section V — DISABILITY STATUS

Only an Examiner or another adult is to complete this section. A disability category must be entered for any student who is identified as having a disability and is provided an accommodation specified in an IEP or 504 management plan. See Table 2 and Appendix C for detailed information. Table 2 lists the Disability Status Codes to be used in completing Section V, Disability Status, on the answer document.

Use the following Disability Status Codes to complete Section V for any student who is identified as having a disability. Use categories 1–14 and category 16 for students who are eligible for services under the *Individuals with Disabilities Education Act (IDEA)* and who have Individualized Education Programs (IEPs). Use category 15 for “otherwise qualified handicapped” students who are eligible for services under Section 504 of the *Rehabilitation Act of 1973*.

Table 2. Disability Status Codes

Section Z — TESTING STATUS

Following the completion of make-up testing, only an Examiner or another designated adult is to complete this section to explain why a student did not take one or both of the components of the *English: Writing* test. Complete instructions are in the *Examiner's Manuals*.

Table 3 explains the options for completing Section Z, Testing Status.

Table 3. Coding “Testing Status”

Section AA — SPECIAL TEST ACCOMMODATIONS

Only an Examiner or another designated adult is to complete this section. It must be filled out for students who receive testing accommodations as specified in their IEPs, 504 management plans or *LEP SOL Participation Plans*. All accommodations that apply to a student must be entered; accuracy is critical.

Make sure that STCs and Examiners are aware that Section AA shows **only** the circles for allowable accommodations. Appendix G shows the specific testing accommodations that correspond to the numbers shown in the Special Test Accommodations section for each test. It should be noted that the multiple-choice writing component and the direct writing

component have different allowable accommodations. Refer to the diagrams below to properly complete the Special Test Accommodations section. This information is also included in the *School Test Coordinator's Manual* and the *Examiner's Manuals*.

In addition, if any accommodation is gridded in Section AA, the student's primary disability must be entered in Section V, Disability Status, and/or the LEP circle in Section S, Limited English Proficient. School personnel must resolve any issues or uncertainties regarding a student's special accommodations, disability status, and/or LEP status **before answer documents are submitted for scoring**.

	AA	SPECIAL TEST													ACCOMMODATIONS												
Mult. Choice		1	2	3	4	5	6	7	8	9	10	11	12	13		17	18	20	21	22	23		27	A	B

Do not fill in circles A-B unless instructed to do so by the Department of Education.

4.7.3 Side 2 of the SSID (header sheet)

If your division will order the optional classroom-level reports offered by Harcourt, you must complete Side 2 of the SSID sheet (TEACHER, COUNSELOR, OR GROUP NAME) in order to identify teacher/classroom groups. A classroom-level report will be printed for **each** SSID submitted with scorable answer documents.

4.7.4 Test dates and schedules

Make sure STCs and Examiners are aware of the statewide administration dates and the make-up session window for your division. STCs must also be aware that they must set the specific testing schedules in their respective schools and inform their students of test dates. See Section 4.2 for more complete information.

4.8 Train School Test Coordinators

Provide training for STCs that highlights the responsibilities described in the *School Test Coordinator's Manual*, reviews local instructions, and stresses security procedures.

The following topics should be addressed in your training:

- responsibilities of STCs and Examiners
- multiple-choice and direct writing components of the SOL *English: Writing* test
- testing schedules, including second testing opportunity for eligible students, make-up sessions and return of all forms and test materials to you in accordance with deadlines
- security requirements, including use of the *Examiner's/Proctor's Test Security Agreement*
- guidelines for participation of LEP students and students with disabilities
- arranging for testing sites
- handling testing irregularities
- organizing, packing, and returning scorable and non-scorable materials to you after testing
- training Examiners.

4.8.1 Packaging of multiple-choice tests and writing prompts

Each package of multiple-choice test booklets will contain a cover sheet that shows:

- a package number unique to the test booklets in the specific package
- the form number of the test booklets contained in the package.

A sample test booklet cover sheet is in Appendix H and a sample writing prompt cover sheet is in Appendix I.

STCs should emphasize to examiners that test booklets and writing prompts must be counted and the quantities recorded on the cover sheets before materials are distributed to students. All cover sheets should be returned to the STC with test booklets and writing prompts.

No later than two school days after receipt of materials, verify that the quantities of **all** materials received match those listed on your division packing lists and that shipments appear to be complete. Fax the *Division Verification of Receipt of Secure (Regular and Specials) Testing Materials and Reorder Form* (Appendix D) to Harcourt Assessment, Inc. no later than 1:00 p.m. EST, July 13, 2004. **This division verification of receipt of materials must be returned to Harcourt even if additional testing materials are not needed.** Do not send school verification forms to Harcourt. Additional materials should be ordered from Harcourt Assessment, Inc. Harcourt will make every effort to deliver adjustments to you as quickly as possible. Additional materials that are requested after July 13, 2004, may not be received in time for testing to begin promptly on July 19 – 20, 2004.

Retain all dual-purpose cartons in which materials were received. These cartons should be used to return answer documents to the Scoring Center.

NOTE 7

Even if additional testing materials are not needed, the *Division Verification of Receipt of Secure Testing Materials and Reorder Form* **must be returned to Harcourt.**

4.9.5 Distribute secure test materials to schools

The transfer of secure test materials to schools may not occur more than 96 hours (or 4 school days) before the school's first scheduled testing session. The STC must inventory their shipment and report any shortages or discrepancies to you immediately.

- Distribute each school's regular-print secure test materials using the *SOL School Test Booklet/Writing Prompt Transmittal Form* found in Appendix J of this manual. Complete instructions are printed on the form.
- Distribute each school's Special Test Form kits using the *SOL English: Writing Special Test Forms School Transmittal Document* found in Appendix R of this manual.

STCs should retain the dual-purpose cartons containing materials and use them to return all scorable secure materials to you immediately after testing. These cartons will also be used to return all non-scorable secure materials to you.

5. SPECIFIC DUTIES OF THE DDOT: DURING TESTING

5.1 Maintain a Contingency Plan

Be prepared to coordinate and monitor adjustments in each school's testing schedule if inclement weather or other unforeseen events threaten or force school closures.

5.1.1 July 19 or 20, 2004 – multiple-choice component (main form) or multiple-choice component (alternate form/second-testing opportunity for eligible students)

If school openings are delayed or early dismissal is possible/likely:

- a. Do not begin testing unless you are confident that all scheduled testing sessions can be completed within the anticipated school day.
- b. If testing has already begun and school is dismissed during a testing session, call the Department of Education's Division of Assessment and Reporting immediately at (804) 225-2102.
- c. If you are unsure whether a scheduled testing session can be completed, the best course of action would be to postpone the session. Students who begin a test and cannot complete it will need to re-test with an alternate form. Re-testing must be approved by the Department of Education so that appropriate materials can be shipped to you.

If schools are closed:

Notify the Department of Education's Division of Assessment and Reporting immediately by calling (804) 225-2102. Be sure to advise to the best of your knowledge when schools will re-open. On the next anticipated full day of school (with the exception of July 21 or 22), students need to be administered the multiple-choice component.

Exception: If the next full day of school will be July 21 or 22, the direct writing component should be administered as scheduled that day, and administration of the multiple-choice component should be postponed. Call the Division of Assessment and Reporting immediately at (804) 225-2110.

5.1.2 July 21, 2004 – direct writing component (main prompt only) July 22, 2004 – direct writing component (alternate prompt only/second- testing opportunity for eligible students)

If school openings are delayed or an early dismissal is possible/likely:

- a. Do not begin testing unless you are confident that all scheduled testing sessions can be completed within the anticipated school day.
- b. If testing has already begun and school is dismissed during a testing session, call the Department of Education's Division of Assessment and Reporting immediately at (804) 225-2102.

If schools are closed:

- a. Notify the Department of Education's Division of Assessment and Reporting

immediately by calling (804) 225-2102. Be sure to advise to the best of your knowledge when schools will re-open.

- b. The Division of Assessment and Reporting will decide on a case-by-case basis (depending upon the extent of closings and the specific locations affected) which direct writing prompt is to be administered and the date to which the postponed testing session(s) will be rescheduled.

If you have questions regarding these procedures, please call the Division of Assessment and Reporting at (804) 225-2102.

5.2 Administration Audits

Audits will not be conducted during the Summer 2004 administration.

5.3 Monitor Test Administration

Be available to STCs for questions and problem resolution during the administration of the SOL *English: Writing* test. Ensure that all secure materials are being handled properly by both STCs and Examiners.

5.4 Identify and Resolve Testing Irregularities

The *Examiner's Manual* instructs Examiners to **immediately** report any testing irregularities to their STC. As DDOT, you may be called upon to resolve or mediate suspected or reported irregularities.

A testing irregularity is any occurrence that may inappropriately influence a student's performance. Examples of testing irregularities include but are not limited to:

- a student becomes ill during testing
- a student is observed cheating during the testing session
- a teacher or another adult provides improper assistance to a student
- testing accommodations specified in a student's IEP, 504 management plan, or *LEP SOL Participation Plan* are not provided
- a student is provided an accommodation that is not specified in her/his IEP, 504 management plan, or *LEP SOL Participation Plan*
- an excessive disturbance or disruption occurs during the testing session
- a student's test booklet, writing prompt or used answer document is missing or
- any unused/unassigned test booklet or writing prompt is missing.

All testing irregularities must be recorded on the *SOL English: Writing Test Irregularity Form* (found in Appendix K of this manual and also in the *School Test Coordinator's Manual* and *Examiner's Manual*) and submitted to you **within 24 hours of occurrence**.

NOTE 8

In order to process the testing irregularities, it is important to:

- write legibly (please PRINT the description)
- complete the division and school code
- include the name of each student involved **ONLY** if the student needs to be retested with an alternate form
- include the correct form number and prompt number.

While you are encouraged to give STCs guidance in the proper way to resolve specific test irregularities, there may be times when you will need to submit an irregularity to the Department of Education for resolution. When that is necessary, sign the *SOL English: Writing*

Test Irregularity Form in the appropriate space and fax it to the Department of Education's Division of Assessment and Reporting at (804) 371-8978. Again, this must occur within 24 hours of your receipt of an irregularity report from a school.

5.5 Make-Up Sessions

Students who are absent on July 19 or 20, and / or July 21 or 22 must be provided with an opportunity to take on a make-up basis the test component(s) they missed. All make-up sessions must be completed in time for you to ship all scorable writing materials by July 30, 2004.

For make-up sessions of the multiple-choice component, students will use a test booklet from the school's original distribution. However, students who miss the July 21, 2004, direct writing administration will **not** write to the same writing prompt used statewide on July 21, 2004. Instead, students taking the direct writing component on a make-up basis will write to the alternate prompt on July 22. **See Table 4 in Section 4.9.** Your division overage contains materials to be used, at the direction of the Virginia Department of Education to retest students who are involved in an irregularity. Alternate writing prompts should be used to test students who are absent on July 21 and who need to take the direct writing component on a later date.

After make-up sessions have been completed, the answer document of each student who has taken a make-up test must be grouped with the answer documents used by students in her/his regular classroom.

6. SPECIFIC DUTIES OF THE DDOT: AFTER TESTING

NOTE 9

Remember that scorable answer documents and non-scorable secure test booklets will be shipped to different locations:

- **Scorable answer documents** will be shipped to the Harcourt Scoring Center in **Iowa City, Iowa.**
- **Non-scorable, secure test booklets** will be shipped to the Harcourt Scoring Center in **San Antonio, Texas.**

After all testing sessions have been completed in all schools, your primary responsibilities will be to:

- organize all schools' answer documents for return to the Harcourt Scoring Center in Iowa City, Iowa
- account for and return **all copies** of the secure test booklets and writing prompts to Harcourt in San Antonio, Texas
- dispose of the remaining non-secure test materials.

You will be responsible for the prompt and secure receipt of all test materials from each school and shipment of these materials in accordance with published deadlines.

6.1 Receive Set A – Scorable Answer Documents

STCs are to transmit their Set A – scorable answer documents to you **as soon as possible** after all testing sessions, including all make-up sessions, have concluded. Each school's bundle(s) of answer documents should include the appropriate SSID sheets and *Summer 2004 SOL School Master File Sheets*. **Answer documents for students tested from other schools should be banded separately with their appropriate SSID and School Master File Sheets. Answer documents for students tested from other divisions should be banded separately with their appropriate SSID. No Master File Sheets will be provided for out-of-division students.**

Using the cartons in which materials were delivered, each STC is to repackage the bundles of answer documents for the school. See Section 6.3, “Prepare and Transmit Set A – Scorable Test Materials,” in the *School Test Coordinator’s Manual*. The STC has been instructed to label all cartons of scorable answer documents as Set A and to place the appropriate completed *SOL Writing School Master File Sheet* on top of box #1 of answer documents. The STC has also been instructed to close all shipping cartons in such a manner that will allow you to re-open them easily upon receipt.

Upon receipt of the Set A scorable answer documents from each school, **separate any non-scorable materials that are not to be shipped to the Scoring Center at this time** such as test booklets, loose papers, manuals, and affidavits. Any loose papers in answer documents will not be scored.

You must ship scorable answer documents to the Iowa City Scoring Center **as soon as possible after all testing in the division is completed, but no later than July 30, 2004**. Make sure that STCs know the schedule you have set for receipt of Set A materials that will allow this shipment to take place as scheduled.

IMPORTANT: ALL Set A scorable answer documents from all schools in the division are to be shipped to the Scoring Center IN ONE SHIPMENT and organized according to the instructions in Sections 6.2 — 6.6.

6.2 Verify Scorable Answer Documents from Schools

Work with one school’s materials at a time. Keep the school’s answer document bundles together with its *SOL Writing School Master File Sheet*.

Work through the following steps **separately** for the *SOL Writing School Master File Sheets* and then for the *SOL Writing Division Master File Sheets*. The following information must be carefully verified for **each school** to ensure proper and timely scoring of answer documents.

6.2.1 SOL Writing School Master File Sheet

For each school, there must be a completed *SOL Writing School Master File Sheet* at the top of that school’s bundle(s) of answer documents. See the samples in Appendix L. Each *SOL Writing School Master File Sheet* must display the total number of bundled groups and the total number of scorable documents for students both tested and not tested for each grade level within the school.

NOTE 10

Verify that the number of bundles and the total counts of scorable answer documents recorded by the STC are correct. Remember that answer documents for students who did not test are to be included in this shipment and in the counts recorded on this form. **Resolve any discrepancy immediately. Incorrect counts transferred to your *SOL Writing Division Master File Sheet*, as explained in Section 6.2.2 below, can result in “alerts” at the Scoring Center that will delay reporting of your *SOL English: Writing* test results.**

6.2.2 SOL Writing Division Master File Sheet

Once a school’s *SOL Writing School Master File Sheet* has been verified, record the number of groups on the *SOL Writing Division Master File Sheet*. See the samples in Appendix L. Leave the FOR SCORING CENTER USE boxes blank. Set aside the school’s *School Master File Sheet* and keep it for your records. **Ship only the *SOL Writing Division Master File Sheet*.**

6.2.3 Paper-banded groups of answer documents

Verify that every paper band displays the corresponding school name. Remember

that if there is more than one bundle, the paper bands are to be sequentially numbered (i.e., "1 of X," "2 of X," and so on).

6.2.4 Scoring Service Identification Sheets (SSIDs or "header sheets")

There must be a preprinted SSID sheet for every paper-banded bundle of answer documents. In an attempt to reduce the number of scoring alerts, three SSID sheets are used. See the samples in Appendix N.

Use the purple (Special Accommodation Testing Material) SSID sheet to bundle answer documents from Special Test Forms (Braille, large-print, and regular audio). Use the pink (Irregularity Testing Material) SSID sheet for answer documents used for retesting with an alternate test booklet that has been approved by the Department of Education. Use the orange (Regular Testing Material) SSID sheets to bundle the remaining answer documents.

These three types of answer documents **must** be separated into distinct groups, each with its own SSID, and wrapped with a clearly labeled paper band that distinguishes it from the other types of administrations. Bundle each group **by form number** with its SSID sheet. Then place each group at the top of the stack of regular scorable answer documents. Proper bundling is imperative so that tests are scored and reported correctly.

- SSIDs must be the computer-generated, preprinted SSIDs received from Harcourt. If any photocopied SSIDs are found, call the STC to obtain an unused, preprinted SSID sheet. If an SSID sheet is missing, contact the STC to obtain one for the bundled group. If the STC does not have any more, please call your Harcourt Virginia Program Coordinator.
- Side 1 of each SSID must be complete and accurate. The *Examiner's Manuals* carry all instructions for completing this form.
Verify that the preprinted information (division name, division code, city and state, school name, school code, and grade) is correct.
The GRADE field should be preprinted and computer-gridded. Make sure the indicated grade on the SSID corresponds to the booklets in the bundle.
The NUMBER OF DOCUMENTS field on each SSID sheet must be gridded correctly and accurately. Spot check to ensure that accurate counts of scorable documents have been gridded by each school, that the gridded counts include students who did not test, and that the gridded counts are right-justified in the columns. Enter zeros to the left of the number to completely fill the four-digit field. For example, 32 booklets would be printed and gridded as 0032. **Incorrect counts could cause delays in reporting of your SOL test results.**
- Ensure that your local instructions regarding Side 2 information have been followed.

NOTE 11

The SCHOOL NAME and SCHOOL CODE fields as preprinted by Harcourt **may not be altered**. Alteration of these fields will require that Harcourt contact you for resolution and may cause delays in reporting of your *SOL English: Writing* test results.

6.3 Check for Proper Orientation of Scannable Documents

Within each bundle, Side 1 of the SSID sheet must face up. The edge with the black "timing tracks" must be to the left.

Answer documents' demographic pages must also face up within the bundle so that their black timing tracks are to the left, just as with the bundle's SSID. Note that each answer document has one corner cut

at an angle. If all documents are properly positioned, this corner-cut should line up for all documents in the bundle.

NOTE 12

Improper orientation of the scannable documents could result in damage during the scanning process and delay reporting of *SOL English: Writing* test results.

6.4 Pack Scorable Answer Documents

6.4.1 **SOL Writing Division Master File Sheet**

After all cartons are packed, place the *SOL Writing Division Master File Sheet* at the **top of the carton to be labeled "1 of X."** Verify that the number of groups from all schools has been recorded on the *SOL Writing Division Master File Sheet*. See the samples in this section and related information in Section 6.2.2. Do not ship the *SOL Writing School Master File Sheets*. Retain these for your records.

6.4.2 **Proper sequence for packing scorable materials**

Schools should be packed in the order in which they are printed on the *SOL Writing Division Master File Sheet*. Do not intermix materials from different schools. They must remain in proper sequence. Cartons can be filled by putting more than one school's materials into a single carton as long as the materials remain in proper sequence. A packing diagram is displayed on page 28 for your reference.

If optional scoring services are requested, include the appropriate Order Form for Optional Scoring Services (OSS) directly behind the *SOL Writing Division Master File Sheet* in Box #1, as shown in the packing diagram.

6.4.3 **Out-of-Division scorable materials**

You must have SSIDs for the schools to which the students will report in the Fall of 2004. This will enable Harcourt to associate the scores of these students with that school rather than the summer school. If you do not have a SSID sheet, please call your Harcourt Program Coordinator (Appendix W).

Place the answer documents for these students in a paper band labeled with the school's name and the subject. In lieu of a *Master File Sheet*, complete the *Out-of-Division Answer Document Transmittal Form* (Appendix M). This form confirms receipt of the answer documents. Place the form on top of the answer documents. Place the paper band containing the *Out-of-Division Answer Document Transmittal Form*, SSID sheet and answer documents on top of your school division's materials in Box #1.

Do not intermix materials from different schools. They must remain in proper sequence.

Cartons can be filled by putting more than one school's materials into a single carton as long as the materials remain in proper sequence. A packing diagram is displayed on page 28 for your reference.

If optional scoring services are requested, include the appropriate Order Form for Optional Scoring Services (OSS) directly behind the *Division Master File Sheet* in Box #1, as shown in the packing diagram.

6.5 Prepare to Ship Scorable Answer Documents

All of your division's scorable answer documents must be shipped at one time and as soon as possible after testing (including make-up testing) is completed, **but no later than July 30, 2004.**

Use sturdy shipping cartons. If they are in good condition, you can re-use the cartons in which your materials were delivered. Securely tape all edges of each carton to help ensure that they do not break open in shipment. If any carton is not completely full, fill the empty space with crumpled paper. **Do not use plastic or Styrofoam "peanuts."**

Affix a **blue** "Virginia SOL Writing Test Scorable Answer Documents" label (shipped to you in your DDOT Kit) to the top of **each** sealed carton. On **each** label, enter the name of your school division in the corresponding blank.

NOTE: Do not use the **green** labels, which will identify return shipments of non-scorable materials, for this shipment.

Count the cartons. Then, in the space provided on the **blue** label, number the cartons sequentially. Begin with the carton that contains the *SOL Writing Division Master File Sheet*. This carton will be "1 of X," with the remaining cartons numbered "2 of X," "3 of X," and so on.

Find the preprinted, UPS Next Day Air Shipping Documents that were included in your DDOT Kit.

NOTE 13

IMPORTANT: The UPS Next Day Air Shipping Documents display an **Iowa City, Iowa**, address and must be used for this shipment of scorable answer documents. Do not ship answer documents using the UPS GroundTrac labels or via U.S. Mail or any other carrier. *Use of the UPS GroundTrac labels for this shipment will result in your scorable materials being shipped to the wrong location and delay your division's receipt of SOL test results.*

PACKING DIAGRAM

The following illustration is an example of the proper packing sequence of scorable materials. Irregularity and special test forms bundles (SSID sheets and answer documents), if any, must remain with the bundles for the school in which they were used. **Make sure that you keep each school's bundles of answer documents separate.**

Use the following steps to complete and affix one UPS Next Day Air Shipping Document **to each carton.**

- Review the preprinted information in Part 1 ("Shipment From") of each UPS Next Day Air Shipping Document. If any of this information is incorrect, make the necessary correction(s). **Be sure that your correct telephone number is displayed in Part 1.**

The Scoring Center's Iowa City address and Harcourt's billing account codes are preprinted on the UPS Shipping Document. If your preprinted Shipping Document is lost, you may use one that can be supplied by the UPS driver when he or she arrives. If you find this to be necessary:

- call your Harcourt Virginia Program Coordinator to obtain the proper account number to avoid billing this shipment to your division; and
- make sure that the cartons containing scorable answer documents are shipped to the following address:

**Harcourt Assessment, Inc.
SOL Scoring Center
2510 North Dodge Street
Iowa City, IA 52245**

- b. Weigh the carton, and enter the weight in Part 3.

If a scale is not available, enter your **best estimate** of the carton's weight according to the information in Table 5 below:

Table 5. Weight Estimates

16-inch carton, full	32 pounds
8-inch carton, full	16 pounds
16-inch carton, half full	
4-inch carton, full	8 pounds
8-inch carton, half full	
16-inch carton, quarter full	

- c. Sign and date Part 9 ("Shipper's Signature") of **each** UPS Next Day Air Shipping Document.
- d. Remove its backing and affix a completed UPS Next Day Air Shipping Document to the **top of each carton**.

6.6 Arrange UPS Pickup of Scorable Answer Documents

Ship the answer documents by UPS using the instructions that follow.

- a. If you have not already done so, contact UPS **the day before you expect to have your shipment ready**.

For answer document PICKUP, contact UPS toll-free 24 hours in advance at 1-800-214-0391. Use this 800 number only. DO NOT call the regular UPS pickup telephone number.

Be sure to tell the UPS customer representative that the shipment is to be paid for by Harcourt ("Receiver" on the Shipping Document) and that you will be using preprinted Next Day Air Shipping Documents. If your building closes before 5 p.m., be sure to instruct UPS to arrive prior to 3 p.m.

If you need assistance from a UPS Representative, or if a UPS driver requests payment for this pickup, call toll-free 1-800-377-4877, extension 2422.

- b. Before the UPS driver arrives, double-check the following:
- Has a **blue** SOL label been completed (including the carton number) and affixed **to the top of each carton**?

- Has a **UPS Next Day Air Shipping Document** been completed (including the estimated weight) and affixed to each carton?
- c. Store the sealed cartons in a locked, secure area until the UPS driver arrives. Make sure that someone will be on site to meet the driver if you must leave. If you designate someone else to handle this UPS pickup, please provide him or her with a copy of this page of instructions.
- d. **Be sure to keep the top copy of every UPS Shipping Document for your file.** This will help to ensure that your shipment can be traced if necessary.

6.7 Receive and Pack Set B – Secure Test Booklets/Writing Prompts Returned by the STCs

Please remember the following very important points:

- Set B must be shipped **no later than August 20, 2004.**
- Use the UPS GroundTrac labels and **green** “Virginia SOL Writing Test Non-Scorable Secure Test Materials” labels that were included in your DDOT Kit. **Do not ship Set B using the UPS Next Day Air labels or via U.S. Mail or any other carrier.**

Prepare and package all unused, regular-print secure materials for return shipment. Record counts of unused division secure materials on the *SOL Division Director of Testing Test Booklet/Writing Prompt Transmittal Form* in Appendix O. Also complete the two-page *SOL DDOT's Quantity Discrepancy Report English: Writing* in Appendix O. Check the appropriate box of each section to verify return of all division secure materials, transferred secure materials, and secure materials that must be retained in DDOT files until scores are received and verified. If a discrepancy has occurred, fill in the blanks to describe it. Use the *SOL English: Writing Special Test Forms School Transmittal Document* in Appendix R of this manual to return secure special forms test materials. This form also appears in the *STC's Manual* and the *Examiner's Manual*.

Photocopy the *SOL Division Director of Testing Booklet/Writing Prompt Transmittal Form* and the *Discrepancy Report* for your records. Pack the originals inside box #1 of your Set B cartons. Label the box “Transmittal Forms Enclosed.”

Each STC is to have prepared Set B materials as follows prior to delivery to you:

- the quantities of test booklets and writing prompts must have been recorded on the *SOL School Test Coordinator's Test Booklet/Writing Prompt Transmittal Form*. The transmittal includes a “Discrepancy Report” for the STC to complete to explain any differences in the number of booklets and prompts received and returned (see the *STC Manual*, Section 6.4);
- all cartons containing test booklets and writing prompts were to have been labeled as Set B; and
- both the original and a photocopy of the *SOL School Test Coordinator's Test Booklet/Writing Prompt Transmittal Form*, *Discrepancy Report*, and copies of cover sheets noting a discrepancy were to be returned to you with the Set B materials.

Upon receipt of each school's materials, count the test booklets and writing prompts. Then sign both the original and the copy of the *SOL School Test Coordinator's Test Booklet/Writing Prompt Transmittal Form* to verify your receipt. The form includes an “SOL STC's Quantity Discrepancy Report” that the STC was to complete to account for the number of test booklets/prompts received and returned. Keep the photocopy of the completed form and discrepancy report for your file and leave the original form and discrepancy report in the carton in which the materials will be shipped for return to Harcourt.

NOTE 14

Remember that any lost test booklet or writing prompt must be reported as a testing irregularity as soon as the problem is identified so that the Department of Education may take appropriate action. **If the security procedures in the SOL manuals are followed closely, this should be a very rare occurrence.** Harcourt will conduct an accounting of all returned test booklets and writing prompts and advise the Department of Education of the results for all school divisions. Any shortage reported by Harcourt will be investigated by the Virginia Department of Education.

6.8 Organize and Ship Set B to the Scoring Center

Working first with your division coverage and then with one school's materials at a time, use the following steps to organize and ship Set B.

- a. The STC for this school should have indicated on one of the Set B cartons, "Transmittal Form Enclosed." Consider this your very first carton in the series from the school. Locate the green Virginia SOL *English: Writing* non-scorable materials labels that were included in your DDOT Kit. On each **green** label, enter the name of your school division on the DIVISION NAME line. Affix one label to the top of each carton.
- b. Next, on each **green** label, use a permanent marker to number the cartons for this school consecutively, beginning with the first Set B carton through the last Set B carton (#1, #2, #3, etc.). On the *SOL Division Shipment Transmittal Form* (see Appendix P), print the number range of the cartons for this school.
- c. As you work through the school's materials, check to see if each carton is completely full. If not, fill the empty space with crumpled paper. **Except for carton #1**, seal each carton with strong packing tape. Now, set these cartons aside and begin work on cartons from the next school.
- d. Repeat Steps a–c above for every school that tested.
 - As you number the cartons, **make sure** that all carton numbers are **consecutive across the division**. For example, if the first school's last carton was #3, the first carton for the second school will be #4.
 - **Exception to Step c above:** After the first school's materials have been packed, **all** cartons from the subsequently packed school(s) may be sealed with packing tape. Only the first carton packed for the first school (which is carton #1 of your shipment) needs to remain unsealed at this time.
- e. Once the cartons from all schools have been organized and numbered, note the total number of cartons for the entire shipment. Record the total number of cartons on the *SOL Division Shipment Transmittal Form*.
- f. After first making a photocopy of it for your file, place the completed *SOL Division Shipment Transmittal Form* **on top of the secure test booklets and writing prompts in the carton (#1) that has been left unsealed**. Carton #1 can now be closed and sealed.
 This form will alert the Scoring Center to the total number of cartons included in your shipment. It also will aid the Scoring Center in conducting the security check to account for all secure test materials.
- g. Set B must be shipped **no later than August 20, 2004**.
 - Locate the **black and white** UPS GroundTrac shipping labels (included in your DDOT

Kit) and place one on **each Set B carton**. The **black and white** UPS GroundTrac shipping labels are preprinted with the origination and destination information for your convenience.

- **Black and white** GroundTrac labels contain a removable strip preprinted with the tracking numbers. Detach the strip with the tracking number for each UPS GroundTrac label and apply it to the *SOL Division Shipment Transmittal Form*. When applying each label, indicate the number of the box to which the GroundTrac label will be applied for UPS Tracking Number Labels (Appendix P).
- Contact UPS the day before you expect to have your shipment ready.

For non-scorable, secure test materials PICKUP, contact UPS toll-free 24 hours in advance at 1-800-214-0391. Use only this 800 telephone number for proper service.

- Be sure to tell the Customer Representative that the shipment is to be paid for by Harcourt Assessment, Inc. and that you will be using UPS GroundTrac Service.

If you need assistance from a UPS Representative or if a UPS driver requests payment for this pickup, call toll-free 1-800-377-4877, extension 2422.

6.9 Return All Braille, Large-Print and Regular Audiotape Kits to Harcourt

If students in your division were tested with Regular, Braille or large-print test booklets and their accompanying audiotapes, use the *SOL English: Writing Special Test Forms School Transmittal Document* to verify that all of these Special Forms test materials have been returned. Follow the instructions received with the shipment of Special Test Forms.

All regular-print test booklets used with audiotapes, Braille and large-print test booklets and their accompanying audiotapes, and Braille and large print Examiner's copies must be returned to Harcourt.

6.10 Verify That You Have Received All Required Forms from All STCs

In addition to the *School Test Coordinator's Test Booklet/Writing Prompt Transmittal Form*, the *SOL School Test Coordinator's Discrepancy Report*, the *SOL English: Writing Special Test Forms School Transmittal Document* and the *SOL Writing School Master File Sheets*, STCs were to have submitted the following forms to you. **Obtain as quickly as possible any that you may not have yet received:**

- *Examiner's/Proctor's Test Security Agreements*;
- *SOL Examiner's Test Booklet Transmittal Form/Affidavit* (see Appendix T);
- *Examiners' completed Test Booklet Cover Sheets* (attached to *Examiner's Test Booklet Transmittal Form*);
- *SOL English: Writing Special Test Forms Classroom Transmittal Document* (see Appendix S); and
- *SOL Examiner's Writing Prompt Transmittal Form/Affidavit* (see Appendix T).
- *SOL School Affidavit* (in the *STC's Manual*).
- *Examiner's completed Writing Prompt Cover Sheets* (attached to *Examiner's Writing Prompt Transmittal Form/Affidavit*).

Retain these forms in your files.

6.11 Complete and Return the SOL School Division Affidavit

Complete the *SOL School Division Affidavit* that is in Appendix U of this manual and have your superintendent sign it. **Return this affidavit to the Department of Education no later than August 20, 2004.**

6.12 Review Disposition of All Test Materials

The STC has been instructed to dispose of the following materials per your instructions:

- *School Test Coordinator's Manual*;
- *Examiner's Manual*;
- scratch paper;
- unused answer documents; and
- damaged answer documents marked "VOID."

You may have STCs dispose of these materials or you may have them returned to you. With the exception of used scratch paper, which must be shredded or burned, these materials may be recycled or thrown away. Please make sure that your local instructions are clear in that regard. STCs may destroy the scratch paper at the school level, or you may collect it and destroy it yourself.

The materials listed above must **not** be packed with the test booklets/writing prompts that are in Set B and returned to Harcourt, and there is no requirement that you inspect any of these materials.

Refer to Table 6 to review your division's disposition of all writing test materials.

ENGLISH: WRITING TEST
SUMMER 2004

TEST SECURITY GUIDELINES

Listed below are guidelines to assist those persons involved in the administration of the Standards of Learning (SOL) *English: Writing* tests in determining what actions may compromise test security.

1. Students must never be exposed to unreleased test items or to the answers to unreleased test items prior to or following test administration. **Use of unreleased test items in any form (including rewording of such test items) is STRICTLY PROHIBITED.**
2. The tests must be administered strictly in accordance with the instructions outlined in the SOL test *Examiner's Manuals*. Directions that are to be read to the students must be read exactly as they are written.
3. No test item which will be scored to obtain student test results may be used as a sample or practice item for learning how to mark responses. Sample items are included in the SOL test booklets to familiarize students with the format of the items and the procedures for marking their answers.
4. Copying **ALL OR ANY PART** of an SOL test booklet/writing prompt or taking notes about the items included on an SOL test is **STRICTLY PROHIBITED.**
5. All persons are prohibited from attempting to formally or informally score answer documents.
6. All persons are prohibited from providing students with the answer to any unreleased test item and from making any suggestion as to how to respond to a test item/writing prompt at any time, whether before, during, or after test administration. This prohibition includes provision of cues, clues, hints, and/or actual answers in any written, printed, verbal, and/or non-verbal form (including chalkboards, charts, and bulletin boards).
7. All persons are prohibited from changing students' answers to test items whether by providing hints or clues during test administration, correcting wrong answers during test administration, or by erasing or correcting answers or responses recorded by the student.
8. All known violations of test security procedures shall be reported in writing; signed by the person making the report; and addressed to Division of Assessment and Reporting, Virginia Department of Education. The Virginia Department of Education shall investigate all such infractions and take action as necessary.

- A. The Board of Education may suspend or revoke the administrative or teaching license it has issued to any person who commits any of the following acts knowingly and willfully with the intent to compromise secure mandatory tests administered to students as required by this title or by the Board of Education:
1. Giving unauthorized access to secure test questions;
 2. Copying or reproducing all or any portion of any secure test booklet;
 3. Divulging the contents of any portion of a secure test;
 4. Coaching or assisting examinees during testing or altering examinees' responses in any way;

VIRGINIA DEPARTMENT OF EDUCATION

**LIMITED ENGLISH PROFICIENT STUDENTS:
GUIDELINES FOR PARTICIPATION IN
THE STANDARDS OF LEARNING ASSESSMENTS**

This document provides information about the participation of limited English proficient (LEP) students in the Standards of Learning (SOL) assessments. Included in this document are 1) guidelines for determining in what ways LEP students will participate in the SOL assessments, 2) procedures for providing testing accommodations, 3) procedures for exempting LEP students from participation in the SOL assessments, and 4) documentation requirements.

I. Who Should Be Tested

It is expected that all students who are in grades 3, 5, 8, and specific high school courses in the Commonwealth of Virginia will participate in the SOL assessments. This expectation includes LEP students at these grade levels/courses unless participation in the test is clearly not in the best interest of the student. LEP students in grades 3, 5, or 8 may exercise a one-time exemption from SOL assessments at any one of these grade levels in the content areas of English: Writing (grades 5 and 8 only); History/Social Science; and Science. (Note: grade 3 English, English: Reading in grades 5 and 8, and Mathematics in grades 3, 5, and 8 are not included in this exemption.) While no exemptions from the grade 3 English; English: Reading tests in grade 5 and 8 are allowed, there are two categories of LEP students that may use the state approved reading subtest of the *Stanford English Language Proficiency* (SELP) assessment as a substitute for these SOL tests. They are: (1) LEP students at proficiency level 1 or level 2 in grades 3, 5, 8 and (2) all LEP students regardless of their English language proficiency level in grades 3, 5, and 8 during their first year of enrollment in a U.S. school. Determination as to how LEP students will participate in the SOL assessments should be made according to the guidelines found in **Section V, Procedures for Determining LEP Students' Participation in the SOL Assessments.**

II. Purpose of the SOL Assessments

The purpose of the SOL assessments is to measure the achievement of students on the Standards of Learning, adopted by the Board of Education in 1995, in the areas of English, mathematics, history/social science, and science at grades 3, 5, 8, and selected high school courses.

III. Definition of LEP

An LEP student in the Commonwealth of Virginia is classified according to the federal government definition as described in Public Law 107-110, the No Child Left Behind Act of 2001. The law states an LEP student is classified as one:

- A. who is aged 3 through 21
- B. who is enrolled or preparing to enroll in an elementary school or secondary school
- C. (i.) who was not born in the United States or whose native language is a language other than English; and who comes from an environment where a language other than English is dominant
OR
(ii.) (I.) who is a Native American or Alaska Native, or a native resident of outlying areas; and
(II.) who comes from an environment where a language other than English has had a significant impact on the individual's level of English language proficiency

Appendix B, continued

- OR
- (iii.) who is migratory, whose native language is a language other than English, and who comes from an environment where a language other than English is dominant
- AND
- D. whose difficulties speaking, reading, writing, or understanding the English language may be sufficient to deny the individual –
- (i.) the ability to meet the State’s proficient level of achievement on State assessments described in section 1111(b)(3)
- (ii.) the ability to achieve successfully in classrooms where the language of instruction is English; or
- (iii.) the opportunity to participate fully in society
- [Conforms to changes in the federal definition of Limited English Proficiency effective January 8, 2002.]

In its Consolidated State Application, submitted to USED on September 1, 2003, Virginia has further defined limited English proficient (LEP) students as those who are identified as level 1, level 2, level 3, level 4, monitor year 1, or monitor year 2 according to the English Language Proficiency Standards of Learning. At the end of the second year of monitor status, LEP students are classified as non-LEP (formerly LEP). In addition to these students, the students who have exited LEP monitor status within the last two years are also defined as LEP for the purpose of SOL testing. Recent guidance from USED allows Virginia to consider such students as LEP for the purposes of calculating Adequate Yearly Progress (AYP).]

IV. Reason for Inclusion of LEP Students in the SOL Assessments

The U.S. Department of Education, Office for Civil Rights has outlined the procedures listed below for school districts to comply with the U. S. Civil Rights Act of 1964, Title VI and other supreme and federal court case decisions regarding the rights of limited English proficient students:

“The following procedures should be used by school districts to ensure that their programs are serving limited English proficient (LEP) students effectively:

- identifying students who need assistance;
- developing a program which, in the view of professional educators, has a reasonable chance for success;
- ensuring that the needed staff, curricular materials, and facilities are in place and used properly; developing appropriate evaluative standards for measuring the progress of students, including program exit criteria; and continued program assessment and modification where needed.”

— *The Provision of an Equal Education Opportunity to Limited English Proficient Students*, U.S. Department of Education, Office for Civil Rights, 1992.

Reinforcing the legal obligations to LEP students, Administrative Superintendent’s Memorandum No. 65, September 26, 1997, states:

Legal precedents clearly call for local school divisions to accommodate students whose native language is other than English in a manner whereby they can profit from educational opportunities afforded them. Programs for students identified as limited English proficient (LEP) should include a means of identification, assessment and placement in an appropriate education program.

The importance of LEP students participating in the SOL assessments is reinforced by the fact that, beginning with the Class of 2004, students desiring a standard or advanced studies diploma will need to earn a prescribed number of credits as well as specified units of verified credit. Students may earn verified credit “based on a minimum of 140 clock hours of instruction and the achievement by

Appendix B, continued

the student of a passing score on the End-of-Course Standards of Learning test for that course” (8 VAC 20-131-110, B).

V. Procedures for Determining LEP Students’ Participation in the SOL Assessments

It is recommended that a committee which includes 1) a person responsible for the education of LEP students in the school or school division, 2) the student’s content teacher(s), and 3) an administrator or designee (e.g., guidance counselor or reading specialist) be formed to determine how the student will participate in the SOL assessments and which, if any, accommodations are required. The student’s parent or guardian should also be invited to serve on the committee, if possible. For each student the committee should specify the student’s participation in each of the SOL assessments:

- with no accommodations
- with accommodations which maintain standard conditions (listing specific accommodations)
- with accommodations which are permissible but do not maintain standard conditions (listing specific accommodations)
- exemption from testing with an explanation for the exemption (not applicable for reading and mathematics)

Decisions about how an LEP student will be tested on the SOL assessments should be made for each individual content area to be assessed. Consideration should be given to the student’s level of English proficiency, the level of previous schooling in the home language, and the amount of schooling the student has received in the United States. Questions about how to determine the English proficiency of LEP students should be directed to the Foreign Language / ESL Specialist, Office of Secondary Education, Virginia Department of Education.

In determining how the student is to be tested on each test, the committee should consider the following questions:

1. Has the student already used the one-time exemption from SOL assessments in an earlier grade level? If yes, go to question 3. If no, should the student be exempted from this test, recognizing that this will be the student’s one-time exemption?
2. Is the student’s level of proficiency in English sufficient for the student to take the test? Information on the student’s English language proficiency may be derived from school division assessments designed to determine English language proficiency, reading inventories, writing samples, teacher observations, and teacher-made tests.
 - If “YES”, the committee should consider question 2 in determining the student’s need for testing accommodations.
 - If “NO”, the student should not be tested on this test. **See Section VII, Exempting LEP Students from the SOL Assessments**, for a description of the procedures to be followed in exempting LEP students from the SOL assessments.
3. Does the student typically receive accommodations during instruction or during classroom assessments in the content area covered by the test?
 - If “YES”, the committee should review **Section VI, Selection of Testing Accommodations for LEP Students** to determine the LEP student’s need for testing accommodations.
 - If “NO”, the student should take the test without any accommodations.

If an LEP student is also identified as having a disability under the *Individuals with Disabilities Education Act* (IDEA), P.L. 105-17, or is identified as an “otherwise qualified handicapped” student under
If an LEP student is also identified as having a disability under the *Individuals with Disabilities Education Act* (IDEA), P.L. 105-17, or is identified as an “otherwise qualified handicapped” student under

Appendix B, continued

Section 504 of the *Rehabilitation Act of 1973*, then decisions about the student's participation in the SOL assessments must be made by the IEP or 504 committee and be documented in the student's IEP or 504 management tool. See the document entitled *Students with Disabilities: Guidelines for Participation in the Standards of Learning Assessments* for more information.

VI. Selection of Testing Accommodations for LEP Students

Accommodations for the SOL assessments should be selected from those the LEP student uses routinely in classroom instruction and assessment. **The purpose of accommodations is to ensure, insofar as possible, that LEP students receive accommodations on the SOL assessments which allow them equal opportunity to demonstrate what they know and can do; however, students should not be provided with unnecessary or inappropriate accommodations.** Furthermore, use of an unfamiliar accommodation during testing may have a negative impact on the student's performance. Students must take the test in English; translations of the test into a different language are not permitted.

A. Accommodations Which Maintain Standard Conditions (Standard Accommodations)

Some accommodations allow a student to take the test in a different way without changing what the test is measuring. For the purposes of this document, these are referred to as accommodations which maintain standard conditions or standard accommodations. Examples of standard accommodations are listed below.

Timing/Scheduling

- time of day
- breaks during test
- multiple test sessions
- order of tests administered

Setting

- preferential seating (at the front of the room or in a study carrel)
- small group testing
- individual testing
- location with minimal distractions

Presentation

- reading the test items in English to the student (except on the *English: Reading/Literature and Research* test)
- reading the directions in English to the student
- simplifying oral directions
- place markers to maintain place

Response

- student responds verbally / teacher or proctor marks answer document

B. Accommodations Which Are Permissible But Do Not Maintain Standard Conditions (Nonstandard Accommodations)

Accommodations which significantly change what a test is measuring and do not maintain standard conditions of the test are referred to in this document as nonstandard accommodations. This type of accommodation should be used only if the committee agrees that the student requires such an accommodation(s) in order to participate in the SOL Assessments. Scores resulting from a nonstandard accommodation must be accompanied by an explanation that these scores resulted from a nonstandard administration. Examples of accommodations which are permissible but do not

Appendix B, continued

maintain standard conditions include:

Presentation

- reading test items in English on the *English: Reading/Literature and Research* test
- bilingual dictionary

Response

- dictation in English to a scribe (writing sample component of the *Writing* test only)

If a student utilizes a nonstandard accommodation, the record of that score will be accompanied by a notation explaining that the score resulted from a nonstandard administration. A student, identified as limited English proficient, who has passed an SOL assessment utilizing any accommodation including a nonstandard accommodation has passed for all purposes.

NOTE: Questions about whether accommodations not listed are allowable should be directed to the Division Director of Testing who may consult with Department of Education staff as necessary.

VII. Exempting LEP Students From the SOL Assessments

In some cases, the committee may decide that participating in the SOL assessments, even with accommodations, is inappropriate for the LEP student in grades 3, 5, or 8. For example, the student's level of English proficiency may be inadequate to attempt any of the tests even with accommodations. However, the No Child Left Behind (NCLB) Act does not allow exemption in reading and mathematics.

8 VAC 20-131-30, A states "Limited English proficient students may be exempted from the SOL tests for one grade level only in grades 3, 5, and 8. In order to be granted verified credit, all students must meet the clock hour and testing requirements set forth in these regulations." The committee, therefore, may make such an exemption for LEP students at only one grade level in grades 3, 5, and 8. Such exemptions should be documented in the student's file as to reason and the ramifications of such exemptions shall be clearly stated and conveyed to the student's parent or guardian. However, the No Child Left Behind (NCLB) Act does not allow exemptions in reading and mathematics. While no exemptions from the grade 3 English, and English: Reading in grades 5 and 8 tests are allowed, there are two categories of LEP students that may use the state approved reading subtest of the Stanford English Language Proficiency (SELP) assessment as a substitute for the English: Reading Standards of Learning test. They are: (1) LEP students at proficiency level 1 and level 2 in grades 3, 5, and 8; and (2) all LEP students regardless of their English language proficiency level in grades 3, 5, and 8 during their first year of enrollment in a U.S. school.

VIII. Documentation of Decisions

Decisions about how the LEP student will participate in the SOL assessments should be documented in writing and filed in the student's scholastic record. A decision to exempt the student from testing must be accompanied by the reasons for the exemption and the ramifications of such exemption. A sample form is provided on the next page of this document. School divisions may use this form or one of their own choosing.

If the student's parent or legal guardian is not a member of the committee making the decision about the student's participation, the parent or legal guardian should be notified in writing of the committee's decision regarding the student's participation in the SOL assessments prior to test administration. If the student is using the one-time exemption from the SOL assessments, the student's parent or legal guardian must be notified in writing of the ramifications of this decision.

Participation decisions may be one of the following:

- with no accommodations
- with accommodations which maintain standard conditions (listing specific accommodations)
- with accommodations which are permissible but do not maintain standard conditions (listing specific accommodations)
- exemption from testing with an explanation for the exemption and a statement of the ramifications of the decision. (not applicable to reading and mathematics)

APPENDIX C

GUIDELINES FOR THE PARTICIPATION OF STUDENTS WITH DISABILITIES IN THE ASSESSMENT COMPONENT OF VIRGINIA'S ACCOUNTABILITY SYSTEM

Inclusion of Students with Disabilities in Virginia's Accountability System

It is the intent of the Commonwealth of Virginia to include all students with disabilities in the accountability system. The federal regulations under Section 504 of the Rehabilitation Act of 1973, as amended, and state regulations under the Virginians with Disabilities Act, Section 51.5-40 *et seq.* of the Code of Virginia, require that individuals with disabilities be given equal opportunity to participate in and benefit from the policies and procedures customarily granted to all individuals. The Individuals with Disabilities Education Act (IDEA) and *Regulations Governing Special Education Programs for Children with Disabilities in Virginia* require that all students with disabilities participate in the Virginia accountability system either through the Standards of Learning assessments or the Virginia Alternate Assessment Program. Additionally, the No Child Left Behind Act of 2001, P.L. 107-110, requires that at least 95% of students with disabilities participate in assessments used to measure the adequate yearly progress of schools, school divisions, and the state. Schools, school divisions, or states that fail to meet the 95% participation requirement will not be considered to have met the required adequate yearly progress.

Participation Decisions

For all students with disabilities identified under IDEA, the individualized education program (IEP) team determines how the student will participate in the accountability system. For students identified under Section 504 of the Rehabilitation Act of 1973, the 504 committee determines how the student will participate. The ramifications of decisions made by the IEP team/504 committee must be clearly explained to the student's parent, legal guardian, or surrogate parent and the student if appropriate. A student's IEP or 504 plan must specify the student's participation in the assessment component of Virginia's accountability system as follows:

- participation in the Standards of Learning assessments
 - with no accommodations
 - with accommodations based upon the accommodations the student needs during classroom instruction and assessment
 - non-participation in a Standards of Learning assessment with an explanation of why the student is not participating, a statement of the ramifications of the decision, and a description of how the student will be assessed in this area
- participation in the Virginia Alternate Assessment Program

When determining participation in Virginia's accountability system, all students with disabilities must be first considered for participation in the Standards of Learning assessments.

The Department of Education document entitled, *Procedures for Determining Participation in the Assessment Component of the Virginia's Accountability System*, provides the IEP team or 504 committee with more detailed information about the process used in making decisions regarding the participation of students with disabilities in the accountability system.

Appendix C, continued

Standards Of Learning Assessment Program

Participation of Students with Disabilities in Grades 3, 5, and 8

Students with disabilities in grades 3, 5, and 8 must participate in each of the Standards of Learning assessments unless they have not received instruction in the content measured by the assessment. Decisions about participation must be made for each assessment separately. Should the IEP team/504 committee determine that non-participation is appropriate, the IEP/504 plan must state why the assessment is not appropriate and describe how the child will be assessed in that area. Students with disabilities in grade 3, 5, and 8 who do not participate in any of the Standards of Learning assessments in the respective grade level will be assessed through the Virginia Alternate Assessment Program according to the criteria established for participation in the alternate assessment program.

Participation of Students with Disabilities at the Secondary Level

Students with disabilities must take all applicable Standards of Learning end-of-course tests if they are enrolled in that course intending to earn a standard unit of credit. Students who are auditing a course or who are being instructed in only part of the content for that course do not take the Standards of Learning end-of-course test.

Testing Accommodations for Students with Disabilities in the Standards of Learning Assessment Program

Decisions about the need for and selection of accommodations for students with disabilities are the responsibility of the IEP team or 504 committee. The use of accommodations by a student when participating in the Standards of Learning assessments must be determined individually for each test and identified in the student's IEP or 504 plan. Accommodations allow students with disabilities an equal opportunity to demonstrate their achievement.

Accommodations should be those that the student needs during classroom instruction and assessments as identified in the student's IEP or 504 plan. Accommodations should not be used only for participation in a Standards of Learning assessment(s).

Typically, accommodations can be classified in the following categories:

- timing/scheduling
- setting
- presentation
- response

Accommodations may also be classified as standard or nonstandard. Standard accommodations allow the student to take a test in a different way without changing what the test is measuring.

Accommodations that significantly change what the test is measuring are referred to as nonstandard accommodations. A student who has passed a Standards of Learning assessment utilizing any accommodation, including a non-standard accommodation, has passed for all purposes, including earning a verified credit.

A list of standard and nonstandard accommodations is provided to school divisions in the Department of Education's *Procedures for Determining Participation in the Assessment Component of the Virginia*

Appendix C, continued

Accountability System. Questions about any accommodations not listed should be directed to the school division's director of testing who will consult with Department of Education staff as needed.

Virginia Alternate Assessment Program

Participation in Virginia's Alternate Assessment Program for Students in Grades 3, 5, and 8

Only students with disabilities who have an IEP and who are not participating in any Standards of Learning assessments at their grade level (3, 5 and 8) may be considered for participation in the Virginia Alternate Assessment Program. In addition, to participate in the alternate assessment program, the student must demonstrate impairments that prevent the completion of curriculum based on the Standards of Learning even with program and assessment accommodations. Also, the student's present level of performance must indicate a need for extensive, direct instruction and/or intervention in a life skills curriculum. Finally, the student must require intensive, frequent, and individualized instruction in a variety of settings to show progress and acquire, maintain, or generalize life and/or functional academic skills.

Participation in Virginia's Alternate Assessment Program for Students in Grade 11

Only students with disabilities who have an IEP and who are not participating in any Standards of Learning assessments may be considered for participation in the Virginia Alternate Assessment Program. In addition, to participate in the alternate assessment program, the student must demonstrate impairments that prevent the completion of curriculum based on the Standards of Learning even with program and assessment accommodations. Also, students participating in the Alternate Assessment Program must be working toward educational goals other than those prescribed for a modified standard, standard, or advanced studies diploma. In addition, the student's present level of performance should indicate a need for extensive, direct instruction and/or intervention in a life skills curriculum. Finally, the student should require intensive, frequent, and individualized instruction in a variety of settings to show progress and acquire, maintain, or generalize life and/or functional academic skills.

Additional Information

The Department of Education document entitled, *Procedures for Determining Participation in the Assessment Component of the Virginia's Accountability System*, provides the IEP team or 504 committee with more detailed information about the process used in making decisions regarding the participation of students with disabilities in the accountability system.

VIRGINIA DEPARTMENT OF EDUCATION'S PROCEDURES FOR PARTICIPATION OF STUDENTS WITH DISABILITIES IN THE ASSESSMENT COMPONENT OF VIRGINIA'S ACCOUNTABILITY SYSTEM

This document provides information about the participation of students with disabilities in the assessment component of Virginia's accountability system. For students with disabilities this means participation through the Standards of Learning assessments or the Virginia Alternate Assessment Program. Included in this document are:

1. guidelines for determining how students with disabilities will participate in the Standards of Learning assessments or the Virginia Alternate Assessment Program,
2. procedures for providing testing accommodations for the Standards of Learning assessments, and
3. documentation requirements.

Including Students with Disabilities in Virginia's Accountability System

It is the intent of the Commonwealth of Virginia to include all students with disabilities in the assessment component of Virginia's accountability system. The federal regulations under Section 504 of the Rehabilitation Act of 1973, as amended, and state regulations under the Virginians with Disabilities Act, Section 51.5-40 *et seq.* of the Code of Virginia, require that individuals with disabilities be given equal opportunity to participate in and benefit from the policies and procedures customarily granted to all individuals. The Individuals with Disabilities Education Act (IDEA), P.L. 105-17, regulations require that all students with disabilities participate in the state's accountability system. Additionally the No Child Left Behind Act of 2001, P.L. 107-110, requires that at least 95% of students with disabilities participate in assessments that measure adequate yearly progress of schools, school divisions, and the Commonwealth of Virginia.

For all students with disabilities identified under IDEA, the individualized education program (IEP) team determines how the student will participate in the accountability system. For students identified under Section 504 of the Rehabilitation Act of 1973, the 504 committee determines how the student will participate. A student's IEP or 504 plan must specify the student's participation in either of the following according to the set criteria for participation:

The Standards of Learning Assessments, or

The Virginia Alternate Assessment Program.

When determining participation in Virginia's accountability system, all students with disabilities must be first considered for participation in the Standards of Learning assessments.

STANDARDS OF LEARNING ASSESSMENTS

I. Including Students with Disabilities in the Standards of Learning Assessments

It is expected that all students, including students with disabilities who are in grades 3, 5, and 8 and those enrolled in courses that have an end-of-course Standards of Learning test, will participate in the Standards of Learning assessments. A current list of all Standards of Learning assessments can be found on the Department of Education's web site at www.pen.k12.va.us/VDOE/Assessment/home.shtml or is available from the Department of Education upon request.

The importance of the participation of students with disabilities in the Standards of Learning assessments is reinforced by the fact that, beginning with the students who entered the 9th grade in the fall of 2000, students desiring a standard diploma or advanced studies diploma will need to earn a prescribed number of verified credits. To receive a verified credit the student must earn a passing score on the Standards of Learning tests or a substitute test(s), as outlined in the [Regulations Establishing Standards for Accrediting Public Schools in Virginia](http://www.pen.k12.va.us/VDOE/Accountability/soa.html) (www.pen.k12.va.us/VDOE/Accountability/soa.html). Additionally, to receive a modified standard diploma¹ a student with a disability must pass literacy and numeracy competency assessments which are currently the Standards of Learning Grade 8 English: Reading and the Standards of Learning Grade 8 Mathematics tests.

II. Role of the Individualized Education Program (IEP) Team

(For students identified under Individuals with Disabilities Education Act)

For all students with disabilities identified under IDEA, the individualized education program (IEP) is the plan to ensure that they receive an appropriate education. The IEP process also ensures that each student's parent(s)² is an active participant of the IEP team. Decisions about the participation in each of the Standards of Learning assessments, the need for and selection of accommodations, or the non-participation in a Standards of Learning assessment are the responsibility of the IEP team. These decisions should be made during the IEP team meeting that precedes the Standards of Learning assessment administration. If the decisions are not reflected on the current IEP, an IEP meeting must be held to address and document these issues on the IEP prior to the test administration. The ramifications of these decisions made by the IEP team must be clearly explained to and understood by the student's parent(s) and the student if appropriate.

¹ Modified Standard diploma is only available to students with disabilities under IDEA as defined by [Regulations Establishing Standards for Accrediting Public Schools in Virginia](#).

² See the [Regulations Governing Special Education Programs for Children with Disabilities in Virginia](#) for the definition of parent for a child with a disability, 8VAC20-80-10. The parental rights transfer to the student when they reach the age of majority (18 in Virginia) unless certain procedures specified in regulations have been followed, 8 VAC 20-80-72.

Appendix C, continued

A student's IEP must specify the student's participation in each of the Standards of Learning assessments as follows:

- participation with no accommodations,
- participation with standard and/or non-standard accommodations, or
- non-participation in a Standards of Learning assessment with an explanation of why the student is not participating, a statement of the ramifications of the decision not to participate, and a description of how the student will be assessed in this area (see VI of this section, Non-Participation by Students With Disabilities in a Standards of Learning Assessment(s)).

III. Role of the 504 Committee

(For students identified under Section 504 of the Rehabilitation Act of 1973, as amended, and do not have an IEP)

Each local education agency is required to determine appropriate educational programs for all students with disabilities who qualify under Section 504 of the Rehabilitation Act of 1973, as amended, by convening a knowledgeable group to evaluate and determine program needs. Therefore, decisions about the participation in each of the Standards of Learning assessments, the need for and selection of accommodations, or the non-participation in a Standards of Learning assessment are the responsibility of a 504 committee of similar composition. Each student's parent, legal guardian or surrogate parent must be a participant in these decisions. These decisions should be made during the 504 committee meeting which precedes the Standards of Learning assessment administration. If the decisions were not made, a 504 committee meeting must be held to address these issues prior to the test administration. The ramifications of the decision must be clearly explained to and understood by the student's parent, legal guardian, or surrogate parent and the student if appropriate. A student's 504 plan must specify the student's participation in each of the Standards of Learning assessments as follows:

- participation with no accommodations,
- participation with standard and/or non-standard accommodations, or
- non-participation in a Standards of Learning assessment with an explanation of why the student is not participating, a statement of the ramifications of the decision not to participate, and a description of how the student will be assessed in this area (see VI of this section, Non-Participation by Students With Disabilities in a Standards of Learning Assessment(s)).

IV. Determination of How Students with Disabilities Participate in the Standards of Learning Assessments

It is expected that all students with disabilities in grades 3, 5, and 8 as well as those enrolled in courses that have an end-of-course Standards of Learning test will participate in the Standards of Learning assessments. Only the student's IEP team or 504 committee may determine non-participation in grades 3, 5, and 8 (see VI of this section, Non-Participation by Students With Disabilities from a Standards of Learning Assessment(s)). Students with disabilities who participate in the Standards of Learning assessments will participate either with accommodations or without accommodations.

Decisions about participation in and how a student with a disability will be tested on the Standards of Learning assessments should be made independently for each Standards of Learning test. In

Appendix C, continued

determining how the student is to be tested on the Standards of Learning assessments, the IEP team or 504 committee must base its determination on the fact that the Standards of Learning assessments in grades 3, 5, and 8 measures content covered in previous grades.

NOTE: IEP teams and 504 committees will find the released Standards of Learning test items and the Standards of Learning test blueprints useful in comparing the information on the Standards of Learning assessments with the information covered in the classroom (found at www.pen.k12.va.us/VDOE/Assessment/home.shtml).

The IEP team or 504 committee, when determining how the student is to be tested on the Standards of Learning assessments, needs to consider the following questions:

- 1) Has the student received instruction in the content covered by the Standards of Learning assessment? (This question shall be repeated for each Standards of Learning assessment in the four content areas of English, mathematics, science, and history/social sciences in grades 3, 5, and 8) and/or

Is the student enrolled in a course for which there is a Standards of Learning end-of-course test?

- If yes, the student takes the assessment and the IEP team or 504 committee then considers the student's need for testing accommodations as indicated in question 2.
- If no, the student should not be tested on this particular Standards of Learning assessment (see VI of this section, Non-Participation by Students With Disabilities in a Standards of Learning Assessment(s)).

If the IEP team answers "no" for all Standards of Learning assessments in grades 3, 5 or 8, the IEP team shall refer to Virginia Alternate Assessment Program section to determine if the student meets the criteria to participate in the Virginia Alternate Assessment Program.

NOTE: The No Child Left Behind Act of 2001 requires that at least 95% of students with disabilities participate in state assessments that measure adequate yearly progress. These assessments are currently in the areas of reading/language arts and mathematics and will include science beginning in 2007-2008.

The IEP team or 504 committee must remember that there are approved substitute test(s) for end-of-course tests that may be used for earning verified credit (see Virginia Department of Education's document, Substitute Tests for Verified Credit, at www.pen.k12.va.us/VDOE/Assessment/home.shtml).

- 2) Does the student receive accommodations during instruction or classroom assessments in the content covered by the test?
 - If no, the student should take the assessment without any accommodations.
 - If yes, the IEP team or 504 committee should determine the accommodations needed by the student and document this decision on the student's IEP or 504 plan. Refer to V of this section, Testing Accommodations for Students with Disabilities, to determine if an accommodation is either standard or nonstandard.

Appendix C, continued

V. Testing Accommodations for Students with Disabilities

The IEP team or 504 committee has the responsibility for decisions about the need for and selection of accommodations for students with disabilities. Accommodations allow students with disabilities an equal opportunity to demonstrate their achievement. Typically, accommodations can be classified in the following categories: timing/scheduling, setting, presentation, and response. The use of accommodations by a student when participating in the Standards of Learning assessments must be determined individually for each Standards of Learning test and identified in the student's IEP or 504 plan. An example of how an IEP or the 504 plan may document the use of accommodations is:

Standards of Learning Assessments			
Standards of Learning TESTS (list test)	PARTICIPATION	ACCOMMODATIONS	If <u>YES</u> , List Accommodation(s)
	___ Yes ___ No	___ Yes ___ No	
	___ Yes ___ No	___ Yes ___ No	
	___ Yes ___ No	___ Yes ___ No	

Mark any nonstandard accommodation with an asterisk (*). These test scores will be reported as scores that result from a nonstandard administration.

EXPLANATION FOR NON-PARTICIPATION AND HOW THE STUDENT WILL BE ASSESSED

If no is checked for any test, explain in the space below why the student will not participate in this test, the impact relative to promotion or graduation, and how the student will be assessed in these areas.

Accommodations should be those the student needs and uses during classroom instruction and assessments as identified in the student's IEP or 504 plan. Accommodations should not be used only for participating in a Standards of Learning assessment(s). The student should be familiar with an accommodation because the use of an unfamiliar accommodation during testing may have a negative impact on the student's performance. Finally, an accommodation based solely on its potential to enhance performance beyond providing equal opportunity to perform is inappropriate.

Accommodations that allow a student to take the test in a different way without changing what the test is measuring are referred to as "accommodations which maintain standard conditions" or "standard accommodations." Accommodations that significantly change what a test is measuring and do not

maintain standard conditions of the test are referred to as “nonstandard accommodations.” Examples of both standard and nonstandard accommodations are listed below.

NOTE: Special procedures (see Appendix A) are to be followed for each of the following accommodations marked with an asterisk (*).

TIMING/SCHEDULING

If a student utilizes a nonstandard accommodation, the record of that score will be accompanied by a notation explaining that the score resulted from a nonstandard administration. A student with a disability, who has passed a Standards of Learning assessment utilizing any accommodation, including a nonstandard accommodation, has passed for all purposes including earning a verified credit.

Appendix C, continued

NOTE: Questions about any accommodations not listed here and whether the accommodation results in a standard or nonstandard administration of the test should be directed to the local education agency's Director of Testing who will consult with Department of Education staff as needed. Accommodations that violate test security are not permitted.

VI. Non-Participation of Students with Disabilities in a Standards of Learning Assessment(s)

A. Standards of Learning Assessments for Grades 3, 5, and 8

Non-participation in a Standards of Learning assessment in grades 3, 5, and 8 should be considered only for students who have not received instruction in content covered by the Standards of Learning assessment. The IEP team or 504 committee must base its determination on the fact that the Standards of Learning assessments in grades 3, 5, and 8 measure content covered in previous grades.

If the IEP team or 504 committee determines that it is not appropriate for the student to participate in a Standards of Learning assessment, the consequences of this decision must be fully explained so that the student's parent, legal guardian, or surrogate parent and the student, if appropriate, understand the consequences. At the elementary and middle school level these consequences may include:

- The student will not have the opportunity to participate in the school's remediation recovery program, which is available to students who have not passed the English: Reading and/or mathematics Standards of Learning tests in grades 3, 5, and 8;
- Teachers, parents and the student will not receive the information on student progress contained in the Standards of Learning score reports; and
- The student may not have the opportunity to experience a Standards of Learning assessment prior to taking the assessments needed for graduation.

NOTE: The No Child Left Behind Act of 2001 requires that at least 95% of students with disabilities participate in state assessments that measure adequate yearly progress. These assessments are currently in the areas of reading/language arts and mathematics and will include science beginning in 2007-2008.

The following non-participation procedures and practices must be followed by the IEP team or the 504 committee:

1. The IEP team or 504 committee shall review the IEP/504 plan of each student with respect to participation in each of the Standards of Learning assessments.
2. The IEP team or 504 committee must document its determination that a student will not participate in a particular Standards of Learning assessment. This documentation shall include a statement of the reasons why a particular assessment is not appropriate for the student and how the student will be assessed in that area.

The following are not acceptable reasons for why a particular assessment is inappropriate:

- The student's disability;
- The belief that the student may fail the test;

Appendix C, continued

- The belief that the student does not need this assessment to be promoted to the next grade or to graduate with an advanced studies diploma, a standard diploma, a modified standard diploma, a special diploma, or a certificate;
- The student is reading or is performing below grade level;
- The belief that the experience will be too stressful for the student;
- The student's behavior prohibits taking the test with a group; and
- The student has not mastered all of the curriculum that is covered on the 3rd, 5th, or 8th grade Standards of Learning assessments.

This documentation must be attached to or become part of the student's IEP or 504 plan and must indicate that the consequences of this decision have been fully explained to and understood by the student's parent, legal guardian or surrogate parent, or student, if appropriate, and that the parent's and student's due process rights have been explained.

3. a. **Students with a 504 plan** must participate in the Standards of Learning assessment in at least one of the four content areas at grades 3, 5, and 8.
- b. **Students with an IEP** must participate in the Standards of Learning assessment in at least one of the four content areas at grades 3, 5, and 8 or in the Virginia Alternate Assessment Program (VAAP). If the IEP team determines that a student will not participate in any of the Standards of Learning assessments, then the IEP team needs to determine if the student meets the criteria to participate in the VAAP (see Virginia Alternate Assessment Program section). If the student does not meet the criteria, then the student will participate in either the English: Reading or the mathematics test of the Standards of Learning assessment program at grades 3, 5, and 8.

If the parent, guardian, surrogate parent, or student requests non-participation in a particular Standards of Learning assessment, an IEP team or 504 committee will be convened to consider the request. The IEP team or 504 committee should document its deliberations and its decision relative to this request in the student's IEP or 504 plan.

B. Standards of Learning End-of-Course Assessments

Students with disabilities must take all applicable end-of-course Standards of Learning assessments if the student is enrolled in the course. Students who are auditing a course or being instructed in only part of the content and thus not enrolled do not take the Standards of Learning end-of-course assessment. In such cases, the course title and code should reflect the instruction being provided the student.

NOTE: There may be a small number of students with IEPs in grades 9-11 who will not be enrolled in any courses for which there is an end-of-course Standards of Learning assessment, will not be working towards an advanced studies diploma, standard diploma, or modified standard diploma, and will not meet the criteria of the VAAP. For these students, the IEP team must document this on the IEP. This documentation must include a statement of why the VAAP is not appropriate for the student; how the student will be assessed; indicate that the consequences have been fully explained so that the student's parent(s) or the student understand the consequences; and indicate that parent's and student's due process rights have been explained.

If the parent, guardian, surrogate parent, or student requests non-participation in a particular Standards of Learning assessment, an IEP team or 504 committee will be convened to consider the request. The IEP

Appendix C, continued

team or 504 committee should document its deliberations and its decision relative to this request in the student's IEP or 504 plan.

VIRGINIA ALTERNATE ASSESSMENT PROGRAM

The Virginia Alternate Assessment Program (VAAP) is only for those students with disabilities who have an IEP and is considered only after the student has been considered for participation in each of the Standards of Learning assessments.

I. Who Should Be Tested

Only students with disabilities who are eligible under IDEA; have an IEP; and who meet the VAAP guidelines for participation will be assessed through the VAAP. Students with disabilities who have only a 504 plan are not eligible to participate in the VAAP.

II. Purpose of the VAAP Assessments

The purpose of the VAAP is to evaluate the performance of students who have traditionally been exempted from state assessment programs. Amendments to the Individuals with Disabilities Education Act (IDEA 1997) reflect the intent to extend educational accountability and reform to all students, including those with disabilities.

III. Role of the Individualized Education Program (IEP) Team

(For students identified under Individuals with Disabilities Education Act)

For all students with disabilities identified under IDEA, the individualized education program (IEP) is the management tool to ensure that they receive an appropriate education. The IEP process also ensures that each student's parent(s) is an active participant of the IEP team. Decisions about the participation in the VAAP assessment are the responsibility of the IEP team. These decisions should be made during the IEP team meeting that precedes the Standards of Learning assessment administration in grades 3, 5, 8 and 11. If decisions about participation in Virginia's accountability system are not reflected on the current IEP, an IEP meeting must be held to address and document these issues on the IEP prior to the test administration. The ramifications of these decisions made by the IEP team must be clearly explained so that the student's parent(s) and the student, if appropriate, understand the consequences. Additionally, parent(s) and student should be provided with an explanation of their due process rights.

IV. Determination if Students with Disabilities Participate in the VAAP

Only students with disabilities who have an IEP, who are in grades 3, 5, 8 and 11, and who are non-participants in all Standards of Learning assessments at that grade level (3, 5 and 8) or who are working toward educational goals other than those prescribed for a modified standard diploma, standard diploma, or advanced studies diploma (grade 11) are considered for participation in the VAAP. The IEP team has the responsibility to determine and document that the student meets all of the following criteria by answering "yes" for each of the statements. If team members determine that the student does not meet a specific criterion, this indicates the student is not a candidate for alternate assessment and should be considered for appropriate participation in the Standards of Learning Assessments.

The IEP team should answer questions 1 – 4 for all students in elementary and middle school for whom the VAAP is being considered and should answer questions 1 – 5 for all students who are in high school for whom the VAAP is being considered.

Appendix C, continued

Section 1

(Answer for all students being considered for the VAAP)

1. Does the student have a current IEP?
2. Does the student demonstrate impairments that prevent completion of curriculum based on the Standards of Learning even with program and testing accommodations? (*data sources: psychological evaluation, intelligence and achievement test, social adaptive behavior test results, observations from parents and teachers, social maturity data, curricular content, etc.*)
3. Does the student's present level of performance indicate the need for extensive, direct instruction and/or intervention in a life skills curriculum that may include personal management, recreation and leisure, school and community, vocational, functional academics, communication, social competence and motor skills to accomplish the application and transfer of life skills? (*data sources: informal and formal assessment results, checklists, data logs, work samples, structured or spontaneous observations from teachers and parents, measurable IEP goals, scheduling matrix, curricular content, list of necessary supports, etc.*)
4. Does the student require intensive, frequent, and individualized instruction in a variety of settings to show progress and acquire, maintain, or generalize life and/or functional academic skills? (*data sources: measurable IEP goals, scheduling matrix, instructional strategies effectiveness data, list of various inclusive settings, learning style inventory, etc.*)

Section 2

(Answer for all students in high school who are being considered for the VAAP)

5. Is the student working toward educational goals other than those prescribed for a modified standard, standard or advanced studies diploma program? (*data sources: list of diploma options and requirements, curricular content, measurable IEP goals, transition plan, parent and student discussion, etc.*)

If the answer to all questions 1 – 4 for all students in elementary and middle school for whom the VAAP is being considered is “yes”, then the student participates in the VAAP. If the student does not meet a specific criterion, this indicates the student is not a candidate for alternate assessment and then the student will participate in either the English: Reading or the mathematics test of the Standards of Learning assessment program at grades 3, 5, and 8.

If the answer to all questions 1 – 5 for all students who are in 11th grade for whom the VAAP is being considered is “yes” then the student participates in the VAAP. There may be a small number of students with IEPs in grades 9-11 who will not be enrolled in any courses for which there is an end-of-course Standards of Learning assessment, will not be working towards an advanced studies diploma, standard diploma, or modified standard diploma, and will not meet the criteria of the VAAP. For these students, the IEP team must document this on the IEP. This documentation shall include a statement of why the VAAP is not appropriate for the student; how the student will be assessed; indicate that the consequences have been fully explained so that the student’s parent(s) or the student understand the consequences; and indicate that parent’s and student’s due process rights have been explained.

APPENDIX A

PROCEDURES TO FOLLOW IN PROVIDING STUDENTS WITH CERTAIN ACCOMMODATIONS ON THE VIRGINIA STANDARDS OF LEARNING ASSESSMENTS

INTRODUCTION AND OVERVIEW

This specifies procedures to be used when providing students with disabilities with certain accommodations on the Standards of Learning assessments.

ACCOMMODATION IN TIMING/SCHEDULING

Multiple Test Sessions

The Standards of Learning tests are not timed. However, some students may be unable to concentrate for a long period of time or may have short attention spans. For such a student, it may be advisable to divide up the test into segments which the student can accomplish and check over in one session/sitting; and to schedule these short sessions over several days. The student may not go back to a previous segment once the segment has been completed.

The direct-writing assessment must be conducted in one sitting. The session should be scheduled for a period long enough to accommodate the needs of the student.

ACCOMMODATIONS IN PRESENTATION

All students should be experienced in or provided training in the test format before attempting the test. This is best provided as part of regular instruction well in advance of the actual test administration.

Braille

A copy of the Braille tests will be provided in regular print to test examiners or proctors working with Braille readers. If needed, transcriber's notes will accompany the Braille booklets.

If the student's answers are recorded on a Braille answer sheet, the responses must be transcribed to the regular answer document by a school official qualified to transcribe Braille. The regular answer document and Braille answer sheet must be verified by a second school official to ensure that no errors in transcription occurred. The Braille answer sheet shall be retained on file in the office of the Division Director of Testing until the scores are received and verified.

Large Print

If the student marks the answers on an enlarged copy of the answer booklet, the student's answers must be transcribed to the regular answer document by a school official. The regular answer document and

Appendix C, continued

large-print answer sheet must be verified by a second school official to ensure that no errors in transcription occurred. The large-print answer sheet shall be retained on file in the office of the Division Director of Testing until the scores are received and verified.

Interpreting /Transliterating Directions (e.g., sign language, cued speech)

Testing sessions for students who are deaf or have hearing impairment who normally communicate in sign language or using cued speech may include a qualified interpreter or transliterator for test directions or to interpret/transliterate questions answered by the test examiner. (The interpreter's role and code of ethics prohibits answering questions directly). The test examiner, who must be present for the testing session, must read the test directions as presented in the Test Examiner's Manual aloud so that they can be interpreted/transliterated. Student questions must be directed to the test examiner and answered by him or her, and the interpreter/transliterator will communicate the response. The interpreter/transliterator should also communicate sample questions or test questions that are read aloud as part of the test directions.

Interpreting /Transliterating (e.g., sign language, cued speech) Test Items

The test examiner must be very careful when an interpreter/transliterator is used to interpret/transliterate test items so as not to lead the student to a correct answer by facial expression or by repeating any part of the test which is not specifically requested by the student. An interpreted/transliterated administration must be proctored. The test examiner and the proctor must verify in writing that the test administration was conducted according to the standardized procedures. This written verification shall be retained on file in the office of the Division Director of Testing until the scores are received and verified.

Reading of Test Items Aloud

The test examiner must be very careful when reading the tests aloud not to lead the student by intonation or to repeat any part of the test which is not specifically requested by the student. In particular, care must be taken to describe graphics without leading the student to the correct response. The audiocassette provides a taped version of the test instructions and test items. The examiner who is to read the tests aloud should consult the tape for the standard approach to reading the material. A printed test (either regular or large-print) or a Braille copy of the test should be used in conjunction with reading the test aloud in order to provide the student multi-sensory stimulation. Test items must be read in English.

For a read-aloud administration, an audiotape recording must be made of the entire testing session. The audio recording of the testing session shall be retained on file in the office of the Division Director of Testing until the scores are received and verified.

Appendix C, continued

Audiotape Version of Test

This is the preferred type of read-aloud administration as it provides uniform administration statewide.

The student should have instructional experience with audiocassettes, such as using audiocassette versions of textbooks or taping lectures in class. Unless the student has experience with using audiocassettes, the audiocassette may cause more difficulty than assistance.

The audiocassette may be used in conjunction with a printed test (either regular or large-print) or a Braille test.

ACCOMMODATIONS IN RESPONSE

It is important to remember that even when accommodations are provided, all responses on the assessments should be the student's response, not one interpreted by others.

Student Marks Booklet and Teacher/Proctor Transfer Answers to Answer Sheet

When this accommodation is chosen, student responses must be transcribed to the regular answer document by a school official. The regular answer document and test booklet must be verified by a second school official to ensure that no errors in transcription occurred. The test booklet shall be retained on file in the office of the Division Director of Testing until the scores are received and verified.

Student Responds Verbally, Points, Uses Augmentative Device with Auditory Output, or Indicates an Answer and Teacher/Proctor Marks Answer Sheet

Students who are unable to respond to test items by marking the regular answer document, a Braille or large-print answer sheet, or in a test booklet may have a teacher/proctor record the answers. A audiotape must be made of the exchange. Student responses must be transcribed to the regular answer document by a school official. The regular answer document and audio taped record must be verified by a second school official to ensure that no errors in transcription occurred. The audio taped record shall be retained on file in the office of the Division Director of Testing until the scores are received and verified.

Brailier

Blind and low-vision students may use a Braillewriter to write essays or record answer choices to multiple-choice questions on the Standards of Learning tests. Student responses must be transcribed to

Appendix C, continued

the regular answer document by a school official qualified to read Braille. If a student has written his/her response to the writing assessment with a Braillewriter and has used Braille shorthand, the transcriber shall request the student to spell the English words. The regular answer document and Brailled material must be verified by a second school official to ensure that no errors in transcription occurred. The Brailled material shall be retained on file in the office of the Division Director of Testing until the scores are received and verified.

Word Processor, Typewriter or Augmentative Communication Device

This accommodation is available for students who are blind or have visual impairments, who do not read Braille, and students who have an orthopedic impairment, a specific learning disability or other disability that interferes with the composing process. It allows these students to use a typewriter, word processor, or augmentative communication device to complete the direct-writing assessment portion of the Standards of Learning writing tests. Only augmentative communication devices, which produce student responses verbatim, may be used. If the augmentative communication device produces an auditory output, it should be treated as dictation to a scribe (see next section). It must be documented that the student uses a typewriter, word processor, or augmentative communication device for his/her written work.

The typed or printed essay must be transcribed to the regular answer document by a school official. The regular answer document and student production must be verified by a second school official to ensure that no errors in transcription occurred. The student's production shall be retained on file in the office of the Division Director of Testing until the scores are received and verified.

Because the regular administration of the direct writing assessment allows the use of a dictionary, a hand-held "spell checker" or the spell checking capacity of a computer can be used, but the student must not be prompted to use it. A document stating that the typed or printed essay is entirely the student's own, and that no "grammar checker" was used must be signed by the student, test examiner, and proctor, and filed with the student's permanent records.

Dictation to a Scribe

Writing Assessment only

The student will dictate (or use an augmentative communication device with auditory output) his/her response to the writing assessment in English to a second person (scribe) who will transcribe it. The session between the student and scribe must be recorded on audiotape and given to Division Director of Testing along with the transcription. The scribe, who should have experience working with the student, must format, capitalize and punctuate only as directed by the student. The scribe's transcription and taped record must be verified by a second school official to ensure that no errors in transcription occurred. The scribe's transcription and taped record shall be retained on file in the office of the Division Director of Testing until the established appeal period is over.

- (2) Determine which courses from this list are offered at each high school and the non-traditional gender classification assigned to these course(s); and
- (3) Review the class roster for only the courses offered at your school for non-traditional career preparation. Identify only students classified as the non-traditional gender in these courses

How do I reach someone at Harcourt?

CERVS Website: <http://va.harcourt.com>

Packlists can be viewed/printed from this site, and will be “hotlinked” directly to UPS tracking system. Requests for changes to division information (phone numbers, address changes) can be made through CERVS. Harcourt will verify changes with VDOE before they are made.

VA TEAM email: virginia_sol@harcourt.com

The best way to reach a member of the Project team is to send an email to this address. Any of the VA team members can access the site, although responsibility for accessing the site and forwarding issues is rotated through the group. Utilizing this email site will help ensure that your request is responded to in a timely manner. If your “assigned” program coordinator is not available to process your request, it will be handled by another team member.

Scoring Hotline: (800) 328-5999

Questions concerning scoring or reporting should be called into the Scoring Hotline. The hotline sends a copy of your inquiry to your assigned program coordinator, who will watch to make certain the situation is resolved in a timely fashion. Direct all correspondences to the Virginia Team’s e-mail address.

CTP Toll Free Fax No. (800) 547-2059

In addition to faxing in required documentation (i.e., transmittal forms), you can also fax copies of material orders, additional orders, copies of emails you sent via the email address, or any other messages you want to make certain are received by Harcourt.

CTP Toll Free No. (800) 228-0752

Phone extensions of the program coordinators can be found on the next page. If you have a question, please call one of them.
